DESPATCH.

P. C. 1207 K.

(Copy) *Translation.*

ORDINANCE No. 47 of 1898

(of the 8th of July)

By which the Commercial tax is raised and certain powers conceded to the Municipalities of the Department.

The Departmental Assembly of Panama in the exercise of its legal powers :

Ordains :—

Article 1.—Persons who receive foreign goods, to be sold, employed, or consumed in the Department are subject to pay for these operations a tax of fifteen per cent (15 p. c.) silver upon the net value in Colombian gold of the goods received for such purpose. The value in gold will be calculated in the manner established in Article 1 of Ordinance No. 78 of 1894.

The invoices of goods originating in countries where the ruling monetary basis is silver, and which, on that account, come declared in that money, will be liquidated for the collection of the corresponding duty, without any interest of premium or discount, at the same rate of fifteen per cent (15 p. c.) of its value in Colombian silver.

Article 2. All the municipalities of the Department are authorized to charge commercial establishments that do not directly import their merchandise from abroad, with a monthly tax that shall not exceed thirty dollars—the taxes are stipulated in Colombian currency throughout—($30) nor be less than one dollar ($1).

Article 2. Annul section 44 of Article 1 of the Ordinance No. 70 of 1894 that specifies "Consumption of Foreign Articles."

Article 4. Authorize the Governor of the Department that he may in special cases concede the exemption of the Commercial tax on effects received by Consuls resident in this Department, be they for office or personal use, at the discretion of the Governor and when he does not fear that with them (the effects) any commerccal operation may be effected. This is as an act of courtesy and deference towards the representatives of friendly nations, who are in the career of consular service ; those who temporarily or permanently occupy themselves in mercantile transactions cannot enjoy such privileges.

Article 5. The same magistrate is authorized when he believes it to be opportune for fiscal interests to establish warehouse deposits in the cities of Panama, Colon, and Bocas del Toro for the custody of merchandise that, having arrived in transit, does not immediately continue to its respective destination, and for the examination of local cargo.

Article 6. The slaughter-house and hog-pen taxes which the Municipalities are authorized to establish may amount to one dollar fifty cents ($1.50) for each head of larger cattle and to one dollar thirty cents for each head of small stock that is slaughtered within the edifice destined for the purpose.

Excepted from the list of small stock are sheep and goats, for which will be levied one dollar, and fifty cents ($1), (50 cents) respectively.

Article 7. Besides the taxes mentioned in the preceding article the Municipality may collect the sum of thirty cents for each pig or sheep that is admitted into the hog-pen and destined for public consumption.

Article 8. There are abrogated by the terms of this Ordinance, Article 1 of the Governor's Decree No. 139*bis* of 1894, Article 2 of the Ordinance No. 24 of the same year, Articles 1 and 3 of Ordinance 70, also of 1894, and Article 1 of No. 85 of 1896.

Given in Panama the 8th of July 1898.

The President,
Sgd. J. A. ARANGO J.

The Secretary,
Sgd. LEONIDAS PRETELT.

Government of the Department of Panama 8th July 1898. Be it published and complied with.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 17th day of December, 1898.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the provisions of section 57 of " The Weights and Measures Act ", chapter 104 of the Revised Statutes of Canada, and the Acts amending the same, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the regulations respecting weights and measures heretofore in force shall be and the same are hereby cancelled and the following regulations substituted therefor.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS RESPECTING WEIGHTS AND MEASURES.

WEIGHING MACHINES THAT MAY BE ADMITTED TO VERIFICATION.

Section 1. The following balances are to be admitted to verification :—

Balances having equal arms, and on which the load is suspended below the fulcrums.

Balances with equal arms, and on which the load is placed above the fulcrums.

Balances commonly known as steelyards, or Roman balances, having unequal arms.

Weigh-bridges, hay scales, platform scales.
Hydrostatic balances for weighing coal.
Perfection Scales.
Duplessis' Portable Track Scales.
Household Scales.
Spafford Improved Platform Counter Scales.
Computing scales of the platform type.
The " Troemner Ball Scale."
Spring scales, of the type known as " butcher's scales."
" Suspension Scales."
Parsell Truck Scales.
The Springer Torsion Balance.

BALANCES HAVING EQUAL ARMS ON WHICH THE LOAD IS SUSPENDED BELOW THE FULCRUMS.

Section 2. Balances with equal arms on which the load is suspended below the fulcrums are to be admitted to verification only when :—

1. The beam shows no material difference as regards the form or magnitude of the two arms.

2. It is provided with a tongue pointing upwards or downwards from its centre, at right angles with a line joining the extreme bearings, or with some equivalent arrangement for indicating the position of the equilibrium.

3. It is in equilibrium when a line joining the extreme bearings is perfectly horizontal, and returns to that position after being put into vibration.

4. Its arms are equal within the specified limit of error.

5. The balance is sufficiently sensitive to turn by the addition or subtraction of the two thousandth part of the maximum load for original verifications, and the one thousandth part thereof for subsequent verifications.

6. No balance balls or detached parts other than the pans and connections necessary for attaching them to the beam are used for adjusting the balance.

7. The balance, as a whole, is of sufficient strength, and on a sufficiently stable base, to secure it against change of form or position under the maximum load it is to carry.

8. The beam will carry its maximum load without deflection.

9. Except in the case of fine druggist's scales the maximum load which the apparatus is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on the beam.

10. The knife-edges are permanently fixed to the beam.

11. The balance indicates the same weight, whether the load is placed in the centre of the pan, or at any side or corner.

12. The knife-edges are made of hardened cast steel.

13. The bearings are made of hardened cast steel, chilled iron, agate, or other hard substance not liable to be cut by the action of the knife-edge, and sufficiently hard to resist the action of a smooth file.

BALANCES HAVING EQUAL ARMS ON WHICH THE LOAD IS CARRIED ABOVE THE FULCRUMS.

Sec. 3. Balances with equal arms, and on which the load is carried above the fulcrums, will be admitted to verification only when—

1. There is no material difference as to the magnitude or arrangement of the two arms.

2. The arms are of equal length within a limit of error equivalent to that tolerated in commercial weights.

3. There are no balance balls, loose counterpoises or detached parts other than the pans necessary for carrying the load weighed, and the weights used for weighing it.

4. Its parallel rods, guides, levers and pivots, by which the adjustment of the scale is affected, are so constructed that they cannot be put out of adjustment without the use of violence, which may be readily detected on inspection.

5. The knife-edges or fulcrums of each set of levers or guide rods are in the same plane.

6. The balance is sufficiently sensitive to turn by the addition or subtraction of the two thousandth part of the maximum load for original verification, and the one thousandth part thereof for subsequent verifications.

7. There is a tongue or pointer, or some equivalent arrangement for showing when the balance is in equilibrium.

8. Except in the case of fine druggists' scales the maximum load which the weighing machine is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on it.

9. The knife-edges are made of hardened cast steel.

10. The bearings are made of hardened cast steel, chilled iron, agate or other hardened substance, not liable to be cut by the action of the knife-edge, and sufficiently hard to resist the action of a smooth file.

BALANCES COMMONLY KNOWN AS STEELYARDS OR ROMAN BALANCES.

Sec. 4. Balances commonly known as *steelyards* or Roman balances, having unequal arms, are to be admitted to verification only when—

1. There is sufficient room for oscillation, and the knife-edges on which the beam oscillates are sufficiently fine to permit it to move freely.

2. The beam is sufficiently strong to carry its load without deflection.

3. The bottom of the notches by which the divisions of the long arm of the lever are indicated, and from

which the weight is suspended, are in close approximation to a right line drawn through the knife-edges forming the points of suspension, and when such straight line passes near to and a little above the centre of gravity of the whole apparatus.

4. The divisions on the long arm of the lever are equal among themselves.

5. The weights used with the lever—if they are changeable or can be readily detached therefrom—are multiples or sub-multiples of the pound avoirdupois. If sub-multiples they may be decimal sub-multiples as $\frac{1}{10}$, $\frac{1}{100}$, $\frac{1}{1000}$; or binary sub-multiples as $\frac{1}{16}$, $\frac{1}{8}$, $\frac{1}{4}$, $\frac{1}{2}$ of the pound avoirdupois. All the weights must have their true weight distinctly marked upon them.

6. The maximum load which the weighing machine is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on it.

7. The knife-edges are made of hardened cast steel.

8. The bearings are made of hardened cast steel, chilled iron, agate, or other hard substance not liable to be cut by the action of the knife-edge, and sufficiently hard to resist the action of a smooth file.

WEIGH-BRIDGES, HAY SCALES AND PLATFORM SCALES.

Sec. 5. Weigh-bridges, hay scales and platform scales will be admitted to verification only when—

1. The foundation or supporting base is sufficiently firm, and capable of carrying without change of level or of form or other disturbance, the maximum load for which it is to be used and when such foundation is deep enough not to be disturbed by frost. The pit is not less than five feet deep and is properly drained.

2. The platform is so arranged that any obstruction to its free movement can be easily detected.

3. All the beams, levers and other parts are of sufficient strength to carry the maximum load to which they will be respectively subjected without deflection.

4. The knife-edges are firmly and permanently fixed in the levers, have sufficient room to permit free oscillation, and are sufficiently firm.

5. The knife-edges and fulcrums of each set of levers are in the same plane.

6. The oscillations are sufficiently evident.

7. The weights used with the instrument are equal to the avoirdupois pound, or to multiples or authorized sub-multiples of the avoirdupois pound, or special weights for the barrel of flour or for the bushel of wheat, their actual weight and the weight or special quantity they are intended to indicate on the scale being plainly marked thereon.

8. The weights used as above are decimal sub-multiples, as $\frac{1}{10}$, $\frac{1}{100}$, $\frac{1}{1000}$, or binary sub-multiples of the load indicated by them.

9. There are no detached parts for the adjustment of the balance accessible, or so placed that they can be used for fraudulent weighing.

10. The apparatus weighs correctly with a maximum load, or any part thereof, placed in the centre of the platform, and with not less than fifty per cent of the maximum load placed at either end, or with not less than twenty-five per cent thereof at any one corner.

11. The maximum load which the apparatus is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on the beam.

WHEN WEIGH-BRIDGES, PLATFORM SCALES AND BALANCES WITH EQUAL AND UNEQUAL ARMS SHALL BE REJECTED.

Sec. 6. All these weighing machines will be rejected—

1. When with a full load and truly balanced, the addition or subtraction of the two thousandth part of the load for original verification and the one thousandth part thereof for subsequent verifications, does not cause the beam to touch the upper or lower part of the arc and remain there.

2. When the shop number, the maximum capacity and the maker's name are not legibly cast, engraved or stamped on them.

3. When the knife-edges and bearings are not made of hardened cast steel, chilled iron, agate or other hard substance not sufficiently hard to resist the action of a smooth file.

4. When unprovided with four check-rods to hold the bearings in place, excepting "Union Scales," which shall have two check-rods. (When constructed on the Howe principle, check-rods are not required.)

NOTE.—*The provisions of subsection 2 shall apply only to original verification.*

SPECIAL WEIGHING MACHINES.

Sec. 7. Weighing machines known as "Hydrostatic Balances," being such as are commonly used for determining the weight of coals delivered at the pit mouth, may be verified for use for such purposes, and also for weighing coals as delivered from vessels and barges, provided they give true indications within one two-hundredth part of the load.

1. Weighing machines known as "Perfection Scales," if manufactured in accordance with specifications deposited in Patent Office at Ottawa, may be admitted to verification when found to weigh correctly.

2. Weighing machines known as "Duplessis Portable Track Scales," used for determining the weight of cars on railway tracks, may be admitted to verification for use for such purposes, provided they give indications within one four-hundredth part of the load.

3. A weighing machine known as the "Household Scale," a balance with equal arms to carry a load above the fulcrums of not more than ten (10) pounds in each pan. In its construction and verification it must in every respect comply with the requirements of sec. 3, above. The words "Household Scale" must be engraved or stamped in bold legible letters of not less than one-fourth of an inch in height, on some conspicuous part of each scale so that at a glance its classification may be known.

4. The scale known as the "Household Scale," manufactured by Mr. D. Collins, Montreal, and having unequal arms, is also admitted to verification under the same conditions.

These scales shall be used for household purposes only. Should any such scale be found in use for trade purposes of any description it shall be seized and confiscated. The fee for the verification of the above described "Household Scales" shall be ten (10) cents for each scale.

5. The "Spafford Improved Platform Scale" when it complies with the requirements of section 5.

6. Computing scales, when they comply with the requirements of sections 2, 3 or 5, but the certificates issued shall only prove their correctness as weighing machines.

7. The "Troemner Ball Scale" with its special weights.

The inspection fee shall be the same as for platform scales.

8. Spring scales, commonly known as "Butchers' Scales" or "Market Scales." where it is not possible to engrave or stamp them, the shop number, maximum load and maker's name may be painted thereon. The shop number shall also be stamped or engraved on the pan or its supports.

The tolerated error for these scales, when weighing at their full capacity, shall not exceed one ounce.

Spring scales shall be presented for verification annually; and any such scales found in use more than twelve months after the first inspection or any succeeding verification thereof shall be confiscated.

9. "Suspension Scales" when they comply with the requirements of section 5—so far as applicable.

10. "The Parsell Truck Scale" when it complies with the requirements of section 5.

11. The Springer Torsion Balance.

The regulations and fees in so far as applicable, to be the same as for Equal Arm Balances, Sec. 3.

SPECIAL MEASURING MACHINES ADMITTED TO VERIFICATION.

Sec. 8. Salt carts, each to contain four imperial bushels, constructed, as to form and dimensions, in

accordance with plan or drawing of the same to be attached to weights and measures regulations, shall be admitted to verification.

2. Salt carts made in any other form or according to other dimensions than the foregoing will not be admitted to verification, and consequently their use for trade purposes will be held to be illegal.

3. The fee chargeable for verifying and stamping each salt cart shall be one dollar.

Victor Molasses Gate. Inspection fee 25c.

The Cylindrical Cloth Measure. Inspection fee 50c.

The S. F. Bowser Self-Measuring Pump—when due provision for sealing is made. Inspection fee 75c.

The C. T. Williams Improved Self-Measuring Pump. Inspection fee 50c.

Enterprise Measuring Faucet. Inspection fee 50c.

Enterprise Self-Measuring and Priming Pump—No. 197. Inspection fee 50c.

4. Owners of Molasses and Oil gates and pumps which have been approved by the Department, may legally use them for trade purposes until such time as the inspecting officers of the district in which they are in use, may on their irregular visits, or their regular periodical tours, be brought into their vicinity.

Sec. 9.—*Verification and stamping of weights, measures and weighing machines on the premises of the manufacturer, adjuster or repairer, and their removal thereform.*

1. The article shall bear the name of the maker, its capacity and consecutive shop-number whereby it may be designated for identification with the certificate of verification. These marks shall be cast, engraved or stamped. Printing or stencilling is prohibited.

2. The verification and stamping must take place before the articles are packed for removal, and at that state of completion at which they are finally adjusted by the manufacturer, adjuster or repairer, excepting weigh-bridges, hay scales or other dormant * weighing machines which cannot be verified until finally set up.

3. It shall be the duty of all manufacturers, importers and adjusters of weights, measures or weighing machines to notify the inspector of weights and measures for the district, of the shipment and destination of all weigh-bridges, hay scales or other dormant weighing machines which cannot be inspected until finally set up.

4. When scales are sent to factories or to adjusters for repairs, they must be reinspected after such repairs are made ; but fees in addition to those of the regular biennial inspection shall not be charged. Special certificates shall be given in such cases informing the owners that the regular biennial reinspections are not in any way postponed by the issue of the intermediate certificate.

5. For the first verification and stamping of weights, measures and weighing machines at the place where they are manufactured, the fees may be paid at once, or payment may be postponed for such period not exceeding three months as the Minister of Inland Revenue may authorize, sufficient security being taken for the payment thereof at the time stated in the Departmental Regulations under which the delay is granted.

---

* The term "*dormant*," shall be understood to cover only such weighing machines as weigh-bridges, hay and track scales, or such weighing machines only as require to be placed on a specially prepared foundation.

IMPORTATION OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

Sec. 10.—*Weights, measures and weighing machines imported into Canada are to be dealt with as follows :—*

1. The Collector of Customs at the port where such articles are imported will notify the inspector of weights and measures for the district of the entry for consumption of any weights, measures or weighing machines at his port, which notice shall state the number and description of such articles as are invoiced, and the names and residence of the parties to whom they are delivered.

2. So long as such articles remain in the original packages they may be removed from the custom-house or from a custom warehouse to the premises of the importer without inspection, but they shall not be taken into use for trade purposes without being first inspected and stamped.

FIRST INSPECTION OF DORMANT WEIGHING MACHINES, HAY SCALES, WEIGH-BRIDGES, &C.

Sec. 11. Owners of these scales may, after the same have been carefully set up on permanent foundations, and having in writing notified the Inspector, legally use them for trade purposes until such time as the inspecting officers of the district in which they are in use, may, on their *irregular* visits, or their regular periodical tours, be brought into their vicinity.

If it should occur, however, that any person owning one of these weighing machines should doubt its accuracy or desire its immediate inspection, he can, on application to the inspector of the district, have the same verified, on his agreeing in writing to pay all really necessary expenses attending the inspection.

LOOSE COUNTERPOISES OR THEIR EQUIVALENTS.

Sec. 12. No weighing machine having a "scoop on" or "scoop off" or similar contrivance shall be admitted to verification, and any now in use shall be so permanently fixed that the scale may be used with the scoop only, or without the scoop only.

SECOND OR SUBSEQUENT VERIFICATIONS OF WEIGHING MACHINES.

Sec. 13. No weighing machine duly inspected and stamped, shall be liable for reverification oftener than once in two years, excepting those used for elevators, railways, collieries, flouring mills (other than grist mills), cheese factories, grain warehouses, public markets, and for the weighing of coal which shall be inspected annually.

SPECIAL INSPECTION OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

Sec. 14. The owner or user of a weighing machine may demand its inspection at any time by paying therefor the fees and costs incurred.

NEW VARIETIES OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

Sec. 15. No weights, measures or weighing machines other than those specified by this Order in Council shall be admitted to verification, unless a sample of the article for which admission is sought has been sent, free of charge, to the Commissioner of Standards at Ottawa, and authority for their use obtained.

REJECTION FEES—REJECTION LABELS.

Sec. 16. 1. When weights, measures or weighing machines presented for verification are palpably incorrect, it will be the inspector's duty to inform the owner of this fact, and instruct him to have such articles adjusted ; and submitted to verification, after such adjustment has been made.

2. The unpleasantness to the owner of having to pay a rejection fee will thus, in the majority of cases, be obviated.

3. If any weight, measure or weighing machine be found incorrect and incapable of being made correct, it shall be seized and confiscated or destroyed,

4. If it be capable of being made correct, the owner or user shall be instructed to have it sent at once to the manufacturer or adjuster, and shall be warned that it must not be used until put into a state of proper repair, and the label prepared for that purpose shall be attached and sealed in such manner that the article cannot be used without destroying the label or breaking the wire fastening the seal.

5. If such rejected article be used before proper repairs are made, the inspecting officer shall proceed against the owner or user under section 25 of *The Weights and Measures Act.*

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS a number of applications have been received for locations in the Yukon Territory for the purpose of the ground being worked by the hydraulic method of mining or by other means requiring operations on a large scale ;

And whereas it is deemed advisable to provide for the setting apart of suitable ground for the purpose aforesaid, and it is considered that the public interest will be best served by the right to work the ground so set apart being put up to public competition, provision being made for the protection of persons, who by themselves or others acting for them have heretofore prospected any particular ground for which they have filed applications,—

Therefore His Excellency, by and with the advice of the Queen's Privy Council for Canada, has been pleased to make, and doth hereby make the following regulations for the disposal of mining locations to be worked by the hydraulic or other mining process :—

1. Locations on any stream, watercourse or plateau in the Yukon Territory, shall have a frontage in direct line of from one to five miles in length as may be decided by the Minister of the Interior, and a depth of one mile, but where such location is situate in a valley its depth may extend to the limits of the valley if so ordered by the Minister of the Interior : Provided that in the case of a location situate on a stream or watercourse, the depth of such location shall be measured from low water mark, and the lease thereof shall be subject to any lease for the dredging of such stream or watercourse which may have been issued prior to the date of the lease of the location.

2. Each alternate claim shall, until otherwise ordered by the Minister of the Interior, be reserved.

3. To any person who has prior to the date hereof filed an application in the Department of the Interior at Ottawa, or in the office of the Commissioner of the Yukon Territory or in the office of the Gold Commissioner for a mining location in the Yukon Territory not provided for by the mining regulations already in force, the Minister of the Interior may issue a lease subject to the same conditions as to size and otherwise, and conferring the same rights as a lease issued under these regulations for a location acquired at public competition ; provided that the Commissioner has reported that it has been proved to his satisfaction that the applicant himself, or a person acting for him, was upon and actually prospected prior to the date hereof the ground included in the location, and provided further that the Gold Commissioner has reported that the ground included in the location is not being worked and is not suitable to be worked under the regulations governing placer mining. But under this section no person shall be given a lease for more than one location.

4. The unreserved locations not disposed of under the next preceding section shall be offered at public competition, and awarded to the highest bidder after being advertised in such manner and at such time as the Minister of the Interior may direct ; and to the person or corporation to whom any such location may be awarded at such competition the Minister of the Interior may, after such person or corporation has obtained a free miner's certificate as provided in the regulations governing placer mining, and filed in the Department of the Interior at Ottawa, within a period to be fixed by the Minister, a Dominion Land Surveyor's plan of the location, issue a lease of the same for a term not exceeding twenty years, such lease to be renewable for a further period of twenty years upon the performance to the satisfaction of the Minister of the Interior of the conditions imposed thereby.

5. In addition to the bonus offered there shall be paid in advance by each lessee an annual rental of $150 for each mile of frontage ; and the same royalty shall be paid upon the out-put of gold as is provided or may hereafter be provided in the case of placer claims, except that there shall be exempted from such royalty $25,000 of the annual out-put, the royalty to be paid in the manner provided in the regulations governing placer mining.

6. The lease shall be in such form and contain such conditions, not inconsistent with these regulations, as may be approved of by the Minister of the Interior.

7. The lessee shall be required to begin active operations on his location within one year from the date of his lease, and he shall be required to expend in operating his location not less than $5,000 during each year from the date of the lease.

8. The lease shall not convey the right to mine for any minerals other than the precious metals nor shall it convey the right to engage in quartz mining otherwise than in accordance with and subject to the regulations governing quartz mining ; and it shall reserve to free miners the right to enter upon the location covered by it, take up, locate and mine for minerals, in veins or lodes in the manner provided in the said regulations.

9. The lessee shall have the exclusive right to enter upon and occupy his location for the purpose of mining thereon, but the lessee shall not prevent free ingress and egress to any person requiring to cross his location or the conveyance thereover of any mining appliances, apparatus or plant which may be required in the working of any other mining ground ; and the lessee's right or occupation shall be subject to all orders which may be made by the Minister of the Interior, or the Gold Commissioner as to such right of way, and also for ditches, flumes or tramways as may by the said Minister or Gold Commissioner be considered necessary or advisable in order to facilitate the working of any other mining ground, and subject further to such orders as may be made by the Minister of the Interior or the Commissioner of the Yukon Territory as to the right of way for railways, roads or other public works.

DOMINION OF CANADA—BRITISH COLUMBIA.

I. NEW BUOY IN SIDNEY CHANNEL.

A steel buoy, painted red, has been moored in 7 fathoms, westward of the west shoal off Sidney spit, Sidney island, Sidney channel, off the south-east coast of Vancouver island.

Lat. N. 48° 37' 50"
Long.W. 123° 21' 23"

One hundred and fifty feet westward of the buoy the depth is 10 fathoms, deepening at once to 16 fathoms.

II. CHANGE IN COLOUR OF EAST BUOY IN SIDNEY CHANNEL.

The spar buoy moored on the east shoal, in the same locality, has been changed in colour to black, and must be left on the port hand by a vessel running with the flood and intending to take the channel between the east shoal and the spit. There is no safe passage between the two buoys.

III. BUOY REMOVED FROM SHOAL OFF D'ARCY ISLAND.

The black spar buoy heretofore marking the eastern shoal patch westward of D'Arcy island, in the south entrance to Sidney channel, has been discontinued. The two patches which it marked have not less than 19½ feet water over them at low tide, which is greater than the draft of vessels using that channel. The buoy proved to be an obstruction to navigation.

Considérant que par l'article un de l'acte passé en la soixante-unième année du règne de Sa Majesté, étant le chapitre 20, et intitulé "Acte modifiant de nouveau l'Acte des postes," il est entr'autres choses statué que les lettres transmises par la poste, à quelque distance que ce soit en Canada, sauf dans les cas pour lesquels il est autrement prescrit, paieront un port uniforme de deux centins par once pesant, toute fraction d'once devant être taxée comme once ; et considérant que le paragraphe trois du dit article un prescrit que le dit article un n'aura aucun effet ou force d'exécution avant une date qui sera fixée par proclamation du Gouverneur général, et que, à cette date, l'article substitué à l'article 20 de l'Acte des postes, par l'article 4 du chapitre 20 des statuts de 1889, sera réputé abrogé et remplacé par le dit article ;

PROCLAMATION.

E. L. NEWCOMBE,
Sous-ministre de la
Justice, Canada.

ATTENDU que dans et par un contrat ou arrangement conclu entre le commissaire en chef des chemins de fer pour la province de la Nouvelle-Ecosse, et William Henry Punchard, Frederick Barry et Edwin Clark, daté le ou vers le vingt-deuxième jour de novembre, en l'année de Notre Seigneur mil huit cent soixante-six, et en vertu des conditions et dispositions d'un acte de la Grande Assemblée de Notre province de la Nouvelle-Ecosse, passé en la trentième année de Notre règne, chapitre trente-six, et intitulé : "An Act to incorporate the Windsor and Annapolis Railway Company," il fut accordé à la Compagnie de chemin de fer Windsor et Annapolis un drawback du montant des droits de douane et d'importation payés sur tous matériaux et effets requis pour la construction et l'exploitation du chemin de fer appartenant à la dite compagnie ;

Et attendu que dans et par un acte du parlement du Canada, passé en les cinquante-huitième et cinquante-neuvième année de Notre règne, chapitre quarante-sept, et intitulé "Acte constituant en corporation la Compagnie du chemin de fer Dominion-Atlantic" il est entre autres choses en substance statué, que la dite Compagnie de chemin de fer Dominion-Atlantic aurait le pouvoir d'acheter toute la propriété en Canada de la dite Compagnie de chemin de fer Windsor et Annapolis, avec tous ses terrains, immunités, pouvoirs, droits, privilèges, équipements, gares, outillage, matériel roulant, matériaux, approvisionnements et dépendances ; et attendu que la dite Compagnie de chemin de fer Dominion-Atlantic a dûment acheté la dite propriété de la Compagnie du chemin de fer Windsor et Annapolis, avec tous ses dits terrains, immunités, pouvoirs, droits, privilèges, équipements, gares, outillage, matériel roulant, matériaux, approvisionnements et appartenances ;

Et considérant que dans le dit acte en dernier lieu mentionné il a aussi été en substance statué que Notre Gouverneur en conseil pourra passer une convention avec la dite Compagnie de chemin de fer Dominion-Atlantic, pourvoyant à la commutation et l'abandon de tout droit ou privilège au sujet du drawback des droits de douane ou d'importation en vertu du dit contrat ou engagement passé entre le commissaire en chef des chemins de fer de la Nouvelle-Ecosse et William Henry Punchard, Frederick Barry et Edwin Clark, en considération du paiement en argent de telle somme qui sera convenue et mentionnée dans la dite convention ; et que Notre Gouverneur en conseil pourra, lors de la signature de la dite convention, abroger par proclamation toute disposition de tout acte de la législature de la Nouvelle-Ecosse ou du parlement du Canada conférant le droit ou privilège ainsi commué.

Et attendu que le septième jour d'octobre, en l'année de Notre-Seigneur mil huit cent quatre-vingt-dix-huit, un arrangement pour la commutation et abandon des dits droits ou privilèges au sujet du drawback des droits de douane ou d'importation a été dûment conclu entre Notre Gouverneur en conseil et la dite Compagnie de chemin de fer Dominion-Atlantic, et a été dûment exécuté en considération de la somme de cent mille piastres à payer à la dite compagnie ; et attendu que la dite somme de cent mille piastres a été dûment payée à la dite Compagnie de chemin de fer Dominion-Atlantic, le dix-neuvième jour d'octobre de l'année de Notre-Seigneur mil huit cent quatre-vingt-dix-huit,—

SACHEZ donc que par et avec l'avis de Notre Conseil privé du Canada, et par Notre présente proclamation, Nous abrogeons toutes et chacune des dispositions des actes de la législature de Notre province de la Nouvelle-Ecosse et du parlement du Canada accordant à la dite Compagnie de chemin de fer Windsor et Annapolis ou à la dite Compagnie de chemin de fer Dominion-Atlantic, ou en vertu desquelles la Compagnie de chemin de fer Dominion-Atlantic jouit ou peut jouir de tout droit ou privilège au sujet ou drawback des droits de douane ou d'importation en vertu du dit contrat ou arrangement entre le Commissaire en chef des chemins de fer pour Notre province de la Nouvelle-Ecosse et William Henry Punchard, Frederick Barry et Edwin Clark, daté le ou vers le vingt-deuxième jour de novembre en l'année de Notre-Seigneur mil huit cent soixante-six, mais sans préjudice à tout droit de la dite compagnie de recouvrer en vertu du dit arrangement et des dits actes de la législature de Notre province de la Nouvelle-Ecosse et du parlement du Canada un remboursement de tous droits de douane ou d'importation à Nous payés jusqu'au dix-neuvième jour d'octobre en l'année de Notre Seigneur mil huit cent quatre-vingt-dix-huit, que la dite compagnie aurait pu recouvrer si l'abandon fait par la dite Compagnie de chemin de fer Dominion-Atlantic le septième jour d'octobre en l'année de Notre-Seigneur mil huit cent quatre-vingt-dix-huit du susdit droit ou privilège n'avait pas été exécuté, ou si les dites dispositions des dits actes n'avaient pas été abrogées.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

> EN FOI DE QUOI, Nous avons fait émettre Nos présentes Lettres Patentes, et à icelles fait apposer le Grand Sceau du Canada. DÉPÊCHES.

C. P. 1207 K.

(Copie) *Traduction.*

ORDONNANCE No. 47 de 1898

(du 8 de juillet.)

Par laquelle la taxe commerciale est prélevée et certains pouvoirs concédés aux municipalités du département.

L'Assemblée départementale de Panama dans l'exercice de ses pouvoirs légaux :

Ordonne :—

Article 1.—Les personnes qui reçoivent des marchandises étrangères, pour être vendues, employées, ou consommées dans le département, sont sujettes à payer pour ces opérations une taxe de quinze pour cent (15 p. c.) en argent sur la valeur nette en or colombien des marchandises reçues à cette fin. La valeur en or sera calculée en la manière établie dans l'article 1 de l'Ordonnance No. 78 de 1894.

Les factures de marchandises provenant de pays où la base monétaire en force est l'argent, et qui pour ces raisons sont déclarées en cette monnaie, seront liquidées pour la perception du droit correspondant, sans intérêt de prime ou escompte, au même taux de quinze pour cent (15 p. c.) de sa valeur en argent colombien.

Article 2.—Toutes les municipalités du département sont autorisées de charger aux établissements commerciaux qui n'importent pas directement leurs marchandises de l'étranger, une taxe mensuelle qui n'excédera pas trente piastres—les taxes sont toujours stipulées en monnaie courante de la Colombie—($30), et sera d'au moins une piastre ($1.)

Article 2.—Annule la section 44 de l'article 1 de l'Ordonnance No. 70 de 1894, qui spécifie la "consommation des articles étrangers."

Article 4.—Autorise le gouverneur du département, dans certains cas, à concéder l'exemption de la taxe commerciale sur les effets reçus par les consuls résidents dans ce département, que ces effets soient pour leur bureau ou usage personnel, à la discrétion du gouverneur et lorsqu'il ne craint pas qu'il se fasse des opérations commerciales avec ces effets. Ceci est un acte de courtoisie et de déférence envers les représentants de nations amies qui sont sous le régime de service consulaire; ceux qui s'occupent soit temporairement ou permanemment de transactions mercantiles ne peuvent jouir de ces privilèges.

Article 5.—Le même magistrat est autorisé, lorsqu'il la croit opportun pour les intérêts fiscaux, à établir des entrepôts en les cités de Panama, Colon et Bocas del Toro, pour la garde des marchandises qui, étant venues en transit ne continuent pas immédiatement à leur destination respective, et pour l'examen des chargements locaux.

Article 6.—Les taxes d'abattoirs et sur les porcs que les municipalités sont autorisées à établir, peut se monter à une piastre cinquante centins ($1.50) pour chaque tête de gros bétail, et à une piastre et trente centins pour chaque tête de petit bétail qui est abattue dans l'édifice destiné à cette fin.

Sont exceptés de la liste du petit bétail, les moutons et les chèvres, pour lesquels sera prélevé une piastre, et cinquante centins ($1), (50 centins) respectivement.

Article 7.—A part les taxes mentionnées dans l'article précédent, la municipalité peut percevoir la somme de trente centins pour chaque cochon ou mouton qui est admis dans l'étable à cochons et destiné à la consommation publique.

Article 8.—Sont abrogés par les termes de cette ordonnance, l'article 1, du décret du gouverneur n° 139*bis* de 1894, l'article 2 de l'ordonnance n° 24 de la même année, les articles 1 et 3 de l'ordonnance 70, aussi de 1894, et article 1 du n° 85 de 1896.

Donné à Panama le 8e jour de juillet 1898.

ARRETÉS EN CONSEIL.

[2826]

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 17e jour de décembre 1898.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît à Son Excellence, en vertu des dispositions de l'article 50 du chapitre 101 des Statuts Revisés du Canada, intitulé : "Acte d'inspection du gaz," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner et il est par le présent ordonné que les règlements faits et établis par arrêté en conseil du 9e jour de janvier 1889, chapitre 46 des Arrêtés en conseil refondus du Canada, tels que modifiés par l'arrêté en conseil du 7 de mars 1892, soient et ils sont par le présent cancellés et remplacés par ce qui suit.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENTS CONCERNANT LA VÉRIFICATION ET L'ÉPREUVE DU GAZ ET DES GAZOMÈTRES.

1. Des copies de tous modèles déposés au département du Revenu de l'Intérieur, et légalisées par l'arrêté en conseil du 15 décembre 1874, ayant été vérifiées sous le contrôle du ministre du Revenu de l'Intérieur, ces copies seront à l'avenir appelées "étalons locaux pour le gaz," et un assortiment suffisant de ces étalons sera placé aux endroits qui seront nécessaires pour l'exécution des dispositions de l'*Acte d'inspection du gaz*, dans des bureaux convenables ouverts à cette fin.

2. Les "étalons locaux pour le gaz" seront confiés à des inspecteurs dûment nommés, qui en seront responsables et en auront la seule possession ; et il ne sera

permis à personne—sauf ceux qui sont dûment autorisés à cet effet—d'avoir accès aux dits " étalons locaux pour le gaz " ou de s'en servir.

3. Chaque fois qu'il y a raison de supposer que quelques-uns de ces étalons sont devenus inexacts—chose dont l'inspecteur du gaz ou quelque officier supérieur du département du Revenu de l'Intérieur sera le seul juge—ces étalons seront éprouvés par des instruments portatifs désignés par les règlements administratifs, ou les étalons supposés être défectueux pourront, si le département du Revenu de l'Intérieur le trouve nécessaire, transportés à Ottawa et vérifiés d'après les modèles originaux.

4. Lorsque ces gazomètres ont été vérifiés et trouvés exacts dans les limites de l'erreur tolérée par le statut, l'inspecteur ou député inspecteur y apposera un sceau, lequel sera de cire portant telle devise que détermineront les règlements administratifs.

5. En vertu de l'autorité de l'*Acte d'inspection du gaz*, art. 28, par. 3, il est déclaré que le soufre dans le gaz sera réputé excéder la tolérance réglementaire lorsqu'il se trouve en plus grande quantité que 35 grains dans cent pied cubes de gaz, et que l'ammoniaque sera réputé excéder la tolérance règlementaire lorsque la quantité trouvée est plus grande que quatre grains dans cent pied cubes de gaz.

6. Les formules dans l'annexe A 1, A 2, et A 3, serviront pour accorder des certificats concernant la vérification des gazomètres et l'épreuve du gaz, et nul certificat ne sera valable s'il n'est pas donné dans la forme autorisée par le présent, ni à moins que des timbres représentant les honoraires prescrits pour un tel certificat n'y soient attachés et annulés conformément aux règlements administratifs alors en vigueur.

7. L'annexe B attachée au présent est une échelle des honoraires qui seront payés pour la vérification des gazomètres et l'épreuve du gaz, et les honoraires payables simplement pour éprouver ou vérifier les gazomètres seront payables que ces gazomètres soient étampés ou rejetés.

8. L'annexe C est une table d'honoraires payables par les compagnies de gaz pour des certificats que les inspecteurs officiels leur délivreront, et que les compagnies feront connaître tel que le veut l'article 36 et les paragraphes 2 et 3 du dit article de l'*Acte d'inspection du gaz.*

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 3e jour de décembre 1898.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que des demandes ont été reçues pour des emplacements dans le territoire du Yukon, à l'effet d'exploiter le terrain par la méthode hydraulique, ou par d'autres moyens exigeant des opérations sur une grande échelle ;

Et considérant qu'il convient de prendre des mesures pour mettre à part le terrain propre à ce genre d'exploitation, et qu'il serait dans l'intérêt du public d'offrir à l'enchère le droit d'exploiter le terrain ainsi mis à part, tout en prenant des mesures pour la protection des personnes qui, par eux-mêmes ou par d'autres agissant pour elles ont déjà prospecté un certain terrain pour lequel il ont déposé leurs demandes,—

A ces causes il a plu à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'établir, et il établit par le présent, les règlements ci-dessous pour la concession d'emplacements miniers qui seront exploités par le procédé hydraulique ou autre :—

1. Les emplacements sur un ruisseau, cours d'eau ou plateau dans le territoire du Yukon auront un front en ligne directe de un à cinq milles de longueur, selon que le décidera le Ministre de l'Intérieur, et une profondeur d'un mille ; mais lorsque cet emplacement est situé dans une vallée sa profondeur pourra s'étendre jusqu'aux limites de la vallée si le Ministre de l'Intérieur en ordonne ainsi ; pourvu que dans le cas d'un emplacement situé sur un ruisseau ou cours d'eau la profondeur de cet emplacement sera mesurée à partir de la marque de l'eau basse, et le bail de cet emplacement sera assujéti à tout bail pour le dragage de ce ruisseau ou cours d'eau qui aura pu être émis antérieurement à la date du bail de l'emplacement.

2. Jusqu'à ce que le Ministre de l'Intérieur en ordonne autrement, chaque claim alternatif sera réservée.

3. A toute personne qui, antérieurement à la date du présent a déposé une demande au département de l'Intérieur à Ottawa, ou dans le bureau du Commissaire du territoire du Yukon, ou dans le bureau du Commissaire des mines d'or pour un emplacement minier dans le territoire du Yukon ne tombant pas sous les règlements miniers déjà en force, le Ministre de l'intérieur pourra délivrer un bail sujet aux mêmes conditions quant à la dimension et autrement, et conférant les mêmes droits qu'un bail délivré en vertu des présents règlements pour un emplacement acquis à l'enchère publique ; pourvu que le Commissaire ait fait rapport qu'il a été prouvé à sa satisfaction que le requérant même, ou une personne agissant pour lui, était sur le terrain et avait actuellement prospecté le terrain compris dans l'emplacement avant la date du présent ; et pourvu de plus que le Commissaire des mines d'or ait fait rapport que le terrain compris dans l'emplacement n'est pas exploité et n'est pas propre à être exploité en vertu des règlements concernant les mines alluviales. Mais en vertu du présent article personne ne recevra un bail pour plus d'un emplacement.

4. Les emplacements non réservée qui ne sont pas concédés en vertu de l'article immédiatement précédent, seront offerts à l'enchère, et adjugés au plus haut enchérisseur, après avoir été annoncés en la manière et aux époques que le Ministre de l'Intérieur décidera ; et à la personne ou corporation à laquelle un tel emplacement aura été adjugé à cette enchère, le Ministre de l'Intérieur pourra,—après que cette personne ou corporation aura obtenu un certificat de mineur libre tel que prescrit par les règlements concernant les mines alluviales, et avoir déposé au département de l'Intérieur à Ottawa, sous un délai que fixera le Ministre de l'Intérieur, un plan de l'emplacement exécuté par un arpenteur fédéral,—délivrer un bail pour cet emplacement pour un terme de vingt ans au plus ; ce bail sera renouvelable pour une autre période de vingt ans si les conditions imposées par le bail ont été remplies à la satisfaction du Ministre de l'Intérieur.

5. En sus du boni offert, il sera payé à l'avance par chaque locataire une rente annuelle de $150 pour chaque mille de front ; et le même droit régalien sera payé sur le rendement d'or tel que prescrit ou sera ci-après prescrit dans le cas d'emplacements de mines alluviales, sauf que $25,000 du rendement annuel seront exemptées de ce droit régalien, le droit régalien devant être payé en la manière prescrite dans les règlements concernant les mines alluviales.

6. Le bail sera d'une forme et contiendra les conditions non incompatibles avec les présents règlements' qu'approuvera le Ministre de l'Intérieur.

7. Le locataire sera tenu de commencer les opérations sur son emplacement sous un an de la date de son bail, et il sera tenu de dépenser dans l'exploitation de son emplacement pas moins que $5,000 durant chaque année de son bail.

8. Le bail ne comportera pas le droit de miner pour d'autres minéraux que les métaux précieux, il ne comportera pas non plus le droit de s'engager dans les mines de quartz autrement qu'en conformité et sujet

aux règlements des règlements concernant les mines de quartz, et il réservera aux mineurs libres le droit d'entrer sur l'emplacement couvert par le bail, prendre, choisir et extraire des minéraux, dans des veines ou filons en la manière établie par les dits règlements.

9. Le locataire aura le droit exclusif d'entrer sur et d'occuper son emplacement pour des fins d'extraction, mais le locataire n'empêchera pas la libre entrée et sortie de toute autre personne obligée de traverser son emplacement, ou d'y transporter tous appareils accessoires ou outillage d'extraction qui seraient nécessaires dans l'exploitation de tout autre terrain minier ; et le droit ou occupation du locataire sera assujéti à tous arrêtés qui seront adoptés par le Ministre de l'Intérieur ou le Commissaire des mines d'or au sujet du droit de passage, et aussi au sujet des fossés, conduites d'eau ou tramways que le dit Ministre ou Commissaire des mines d'or jugeront nécessaires ou avantageux pour faciliter l'exploitation de tout autre terrain minier, et sujet de plus à tels arrêtés que le Ministre de l'Intérieur ou le Commissaire des mines d'or du territoire du Yukon adopteront relativement au droit de passage pour les chemins de fer, chemins ou autres travaux publics.

10. Le droit du locataire à l'eau sur son emplacement, ou au détournement de l'eau en rapport avec les opérations, sera soumis aux règlements approuvés par arrêté en conseil du 3 d'août 1898.

11. Le porteur d'un bail pourra abattre, sans payer de droits, telle partie du bois de construction sur son emplacement qui sera nécessaire pour l'exécuter relativement à ses opérations minières, mais non pour la vente ou le trafic sauf dans les cas où ce bois de construction a été concédé ou vendu préalablement à la date du bail ; pourvu que le Commissaire du territoire du Yukon pourra accorder un permis à un locataire pour abattre et vendre tout bois de construction qu'il serait nécessaire d'enlever afin de pouvoir exploiter l'emplacement, et pourra permettre à toute personne d'abattre et d'enlever d'un emplacement du bois de chauffage pour son propre usage lorsque ce bois de chauffage ne peut s'obtenir autrement dans une distance raisonnable ; mais nul tel permis ne comportera le droit d'abattre ou d'enlever du bois dont a besoin le locataire pour ses opérations minières.

12. Si en aucun temps le locataire fait défaut dans le paiement de la rente ou du droit régalien payable en vertu des présents règlements, ou fait défaut dans l'exécution des conditions imposées par les présents règlements, ou par le bail, le Commissaire des mines d'or pourra afficher un avis dans un endroit bien en vue sur l'emplacement à l'égard duquel ce défaut a eu lieu, et pourra envoyer par la poste une copie de cet avis à la dernière adresse du locataire connue du Commissaire, demandant que ce défaut soit remédié, et si ce défaut n'est pas remédié sous trois mois de la date de l'affichage de l'avis sur l'emplacement tous les droits du locataire en vertu du bail et en vertu des présents règlements seront et deviendront *ipso facto* nuls.

13. Lorsqu'il est décidé de retenir un terrain quelconque dans le but de l'inclure dans des emplacements en vertu des présents règlements, le Commissaire des mines d'or fera afficher un avis dans un endroit bien en vue dans le bureau du Régistrateur des mines du district dans lequel le terrain est situé ; et après l'affichage de cet avis, ni occupation ni droit en vertu des règlements concernant les mines alluviales ne sera reconnu sur le terrain ainsi retenu ; mais toute occupation ou droit *bona fide* acquis en vertu de ces règlements antérieurement à l'affichage de cet avis sera reconnu, et le Commissaire des mines d'or veillera à ce que le mineur qui a acquis cette occupation ou droit soit protégé sous ce rapport.

14. S'il se présente des cas non prévus dans les présents règlements, les dispositions concernant la concession de terrains miniers autres que terrains houillers, approuvées par Son Excellence le Gouverneur en conseil le 21 de mars 1898, et des règlements concernant les mines alluviales approuvés le 18 janvier 1898, ou tels autres règlements qui y seront substitués, s'appliqueront.

JOHN J. McGEE,
Greffier du Conseil privé.

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

E. L. NEWCOMBE,
Deputy of the Minister of Justice, Canada.

WHEREAS in and by a Contract or Agreement entered into between the Chief Commissioner of Railways for the Province of Nova Scotia, and William Henry Punchard, Frederick Barry and Edwin Clark, dated on or about the twenty-second day of November in the year of Our Lord one thousand eight hundred and sixty-six, and under the terms and provisions of an Act of the General Assembly of Our Province of Nova Scotia passed in the thirtieth year of Our Reign, chaptered thirty-six and intituled "An Act to incorporate the Windsor and Annapolis Railway Company," the Windsor and Annapolis Railway Company was granted a drawback of the amount of Customs or import duties paid upon all materials and stores required for the construction and working of the Railway belonging to the said Company ;

And whereas in and by an Act of the Parliament of Canada passed in the fifty-eighth and fifty-ninth years of Our Reign, chaptered forty-seven and intituled "An Act to incorporate the Dominion Atlantic Railway Company" it was amongst other things in effect enacted that the said "The Dominion Atlantic Railway Company" should have power to purchase all the property in Canada of the said Windsor and Annapolis Railway Company with all its lands, franchises powers, rights, privileges, equipments, stations, plant, rolling stock, materials, stores and appartenances ; And whereas the said The Dominion Atlantic Railway Company did duly purchase the said property of the Windsor and Annapolis Railway Company and all its said lands, franchises, powers, rights, privileges, equipments, stations, plant, rolling stock, materials, stores and appurtennes ;

And whereas it was in the said last mentioned Act also in effect enacted that Our Governor in Council and the said The Dominion Atlantic Railway Company might enter into an agreement providing for the commutation and release of any right or privilege with respect to the drawback of Customs or import duties under the said contract or agreement between the Chief Commissioner of Railways for the Province of Nova Scotia and William Henry Punchard, Frederick Barry and Edwin Clark, in consideration of the payment of such sum in cash as is determined upon and mentioned in the said agreement, and that Our Governor in Council might upon the execution of such an agreement by proclamation repeal any provision of any Act of the Legislature of Nova Scotia or of the Parliament of Canada granting such right or privilege so commuted ;

And whereas on the seventh day of October, in the year of Our Lord one thousand eight hundred and ninety-eight, an agreement for the commutation and release of the said rights or privileges with respect to the drawback of customs or import duties was duly entered into between Our Governor in Council and the said The Dominion Atlantic Railway Company and was duly executed in consideration of the sum of one hundred thousand dollars to be paid to the said Company, and whereas the said sum of one hundred thousand dollars was duly paid to the said The Dominion Atlantic Railway Company on the nineteenth day of October in the year of Our Lord one thousand eight hundred and ninety-eight,—

Now Know Ye that We, by and with the advice of Our Privy Council of Canada, do by this Our proclamation repeal each and all of the provisions of the Acts of the Legislature of Our Province of Nova Scotia and of the Parliament of Canada, granting to the said Windsor and Annapolis Railway Company or the said The Dominion Atlantic Railway Company or under which the said The Dominion Atlantic Railway Company hold or are entitled to any right or privilege with respect to the drawback of Customs or import duties under the said contract or agreement between the Chief Commissioner of Railways for Our Province of Nova Scotia and William Henry Punchard, Frederick Barry and Edwin Clark, dated on or about the twenty-second day of November, in the year of Our Lord, one thousand eight hundred and sixty-six, but without prejudicing or affecting the right of the said company to recover under the said agreement and the said Acts of the Legislature of Our Province of Nova Scotia and of the Parliament of Canada a refund of all Customs or import duties paid to Us up to the said nineteenth day of October, in the year of Our Lord, one thousand eight hundred and ninety-eight, which the said Company would have been entitled to recover if the release made by the said The Dominion Atlantic Railway Company, on the seventh day of October, in the year of Our Lord, one thousand eight hundred and ninety-eight of the aforesaid right or privilege had not been executed or if the said provisions of the said Acts had not been repealed.

Of all which Our loving subjects and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent and the Great Seal of Canada to be hereunto affixed. WITNESS, Our Right Trusty and Right Well-Beloved Cousin the Right Honourable Sir GILBERT JOHN ELLIOT MURRAY-KYNNYNMOND, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of St. Michael and St. George, etc., etc., Governor General of Canada.

At Our Government House, in Our City of OTTAWA, this TENTH day of DECEMBER, in the year of Our Lord one thousand eight hundred and ninety-eight, and in the sixty-second year of Our Reign.

DESPATCH.

(*Copy*) *Translation.*

ORDINANCE No. 47 of 1898

(of the 8th of July)

By which the Commercial tax is raised and certain powers conceded to the Municipalities of the Department.

The Departmental Assembly of Panama in the exercise of its legal powers :

Ordains :—

Article 1.—Persons who receive foreign goods, to be sold, employed, or consumed in the Department are subject to pay for these operations a tax of fifteen per cent (15 p. c.) silver upon the net value in Colombian gold of the goods received for such purpose. The value in gold will be calculated in the manner established in Article 1 of Ordinance No. 78 of 1894.

The invoices of goods originating in countries where the ruling monetary basis is silver, and which, on that account, come declared in that money, will be liquidated for the collection of the corresponding duty, without any interest of premium or discount, at the same rate of fifteen per cent (15 p. c.) of its value in Colombian silver.

Article 2. All the municipalities of the Department are authorized to charge commercial establishments that do not directly import their merchandise from abroad, with a monthly tax that shall not exceed thirty dollars—the taxes are stipulated in Colombian currency throughout—($30) nor be less than one dollar ($1).

Article 2. Annul section 44 of Article 1 of the Ordinance No. 70 of 1894 that specifies "Consumption of Foreign Articles."

Article 4. Authorize the Governor of the Department that he may in special cases concede the exemption of the Commercial tax on effects received by Consuls resident in this Department, be they for office or personal use, at the discretion of the Governor and when he does not fear that with them (the effects) any commerccal operation may be effected. This is as an act of courtesy and deference towards the representatives of friendly nations, who are in the career of consular service ; those who temporarily or permanently occupy themselves in mercantile transactions cannot enjoy such privileges.

Article 5. The same magistrate is authorized when he believes it to be opportune for fiscal interests to establish warehouse deposits in the cities of Panama, Colon, and Bocas del Toro for the custody of merchandise that, having arrived in transit, does not immediately continue to its respective destination, and for the examination of local cargo.

Article 6. The slaughter-house and hog-pen taxes which the Municipalities are authorized to establish may amount to one dollar fifty cents ($1.50) for each head of larger cattle and to one dollar thirty cents for each head of small stock that is slaughtered within the edifice destined for the purpose.

Excepted from the list of small stock are sheep and goats, for which will be levied one dollar, and fifty cents ($1), (50 cents) respectively.

Article 7. Besides the taxes mentioned in the preceding article the Municipality may collect the sum of thirty cents for each pig or sheep that is admitted into the hog-pen and destined for public consumption.

Article 8. There are abrogated by the terms of this Ordinance, Article 1 of the Governor's Decree No. 139*bis* of 1894, Article 2 of the Ordinance No. 24 of the same year, Articles 1 and 3 of Ordinance 70, also of 1894, and Article 1 of No. 85 of 1896.

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 17th day of December, 1898.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

HIS Excellency, in virtue of the provisions of section 57 of "The Weights and Measures Act", chapter 104 of the Revised Statutes of Canada, and the Acts amending the same, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the regulations respecting weights and measures heretofore in force shall be and the same are hereby cancelled and the following regulations substituted therefor.

JOHN J. McGEE,
Clerk of the Privy Council.

REGULATIONS RESPECTING WEIGHTS AND MEASURES.

WEIGHING MACHINES THAT MAY BE ADMITTED TO VERIFICATION.

Section 1. The following balances are to be admitted to verification :—

Balances having equal arms, and on which the load is suspended below the fulcrums.

Balances with equal arms, and on which the load is placed above the fulcrums.

Balances commonly known as steelyards, or Roman balances, having unequal arms.

Weigh-bridges, hay scales, platform scales.

Hydrostatic balances for weighing coal.

Perfection Scales.

Duplessis' Portable Track Scales.

Household Scales.

Spafford Improved Platform Counter Scales.

Computing scales of the platform type.

The "Troemner Ball Scale."

Spring scales, of the type known as "butcher's scales."

"Suspension Scales."

Parsell Truck Scales.

The Springer Torsion Balance.

BALANCES HAVING EQUAL ARMS ON WHICH THE LOAD IS SUSPENDED BELOW THE FULCRUMS.

Section 2. Balances with equal arms on which the load is suspended below the fulcrums are to be admitted to verification only when :—

1. The beam shows no material difference as regards the form or magnitude of the two arms.

2. It is provided with a tongue pointing upwards or downwards from its centre, at right angles with a line joining the extreme bearings, or with some equivalent arrangement for indicating the position of the equilibrium.

3. It is in equilibrium when a line joining the extreme bearings is perfectly horizontal, and returns to that position after being put into vibration.

4. Its arms are equal within the specified limit of error.

5. The balance is sufficiently sensitive to turn by the addition or subtraction of the two thousandth part of the maximum load for original verifications, and the one thousandth part thereof for subsequent verifications.

6. No balance balls or detached parts other than the pans and connections necessary for attaching them to the beam are used for adjusting the balance.

7. The balance, as a whole, is of sufficient strength, and on a sufficiently stable base, to secure it against change of form or position under the maximum load it is to carry.

8. The beam will carry its maximum load without deflection.

9. Except in the case of fine druggist's scales the maximum load which the apparatus is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on the beam.

10. The knife-edges are permanently fixed to the beam.

11. The balance indicates the same weight, whether the load is placed in the centre of the pan, or at any side or corner.

12. The knife-edges are made of hardened cast steel.

13. The bearings are made of hardened cast steel, chilled iron, agate, or other hard substance not liable to be cut by the action of the knife-edge, and sufficiently hard to resist the action of a smooth file.

BALANCES HAVING EQUAL ARMS ON WHICH THE LOAD IS CARRIED ABOVE THE FULCRUMS.

Sec. 3. Balances with equal arms, and on which the load is carried above the fulcrums, will be admitted to verification only when—

1. There is no material difference as to the magnitude or arrangement of the two arms.

2. The arms are of equal length within a limit of error equivalent to that tolerated in commercial weights.

3. There are no balance balls, loose counterpoises or detached parts other than the pans necessary for carrying the load weighed, and the weights used for weighing it.

4. Its parallel rods, guides, levers and pivots, by which the adjustment of the scale is affected, are so constructed that they cannot be put out of adjustment without the use of violence, which may be readily detected on inspection.

5. The knife-edges or fulcrums of each set of levers or guide rods are in the same plane.

6. The balance is sufficiently sensitive to turn by the addition or subtraction of the two thousandth part of the maximum load for original verification, and the one thousandth part thereof for subsequent verifications.

7. There is a tongue or pointer, or some equivalent arrangement for showing when the balance is in equilibrium.

8. Except in the case of fine druggists' scales the maximum load which the weighing machine is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on it.

9. The knife-edges are made of hardened cast steel.

10. The bearings are made of hardened cast steel, chilled iron, agate or other hardened substance, not liable to be cut by the action of the knife-edge, and sufficiently hard to resist the action of a smooth file.

BALANCES COMMONLY KNOWN AS STEELYARDS OR ROMAN BALANCES.

Sec. 4. Balances commonly known as *steelyards* or Roman balances, having unequal arms, are to be admitted to verification only when—

1. There is sufficient room for oscillation, and the knife-edges on which the beam oscillates are sufficiently fine to permit it to move freely.

2. The beam is sufficiently strong to carry its load without deflection.

3. The bottom of the notches by which the divisions of the long arm of the lever are indicated, and from

which the weight is suspended, are in close approximation to a right line drawn through the knife-edges forming the points of suspension, and when such straight line passes near to and a little above the centre of gravity of the whole apparatus.

4. The divisions on the long arm of the lever are equal among themselves.

5. The weights used with the lever—if they are changeable or can be readily detached therefrom—are multiples or sub-multiples of the pound avoirdupois. If sub-multiples they may be decimal sub-multiples as $\frac{1}{10}$, $\frac{1}{100}$, $\frac{1}{1000}$; or binary sub-multiples as $\frac{1}{16}$, $\frac{1}{8}$, $\frac{1}{4}$, $\frac{1}{2}$ of the pound avoirdupois. All the weights must have their true weight distinctly marked upon them.

6. The maximum load which the weighing machine is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on it.

7. The knife-edges are made of hardened cast steel.

8. The bearings are made of hardened cast steel, chilled iron, agate, or other hard substance not liable to be cut by the action of the knife-edge, and sufficiently hard to resist the action of a smooth file.

WEIGH-BRIDGES, HAY SCALES AND PLATFORM SCALES.

Sec. 5. Weigh-bridges, hay scales and platform scales will be admitted to verification only when—

1. The foundation or supporting base is sufficiently firm, and capable of carrying without change of level or of form or other disturbance, the maximum load for which it is to be used and when such foundation is deep enough not to be disturbed by frost. The pit is not less than five feet deep and is properly drained.

2. The platform is so arranged that any obstruction to its free movement can be easily detected.

3. All the beams, levers and other parts are of sufficient strength to carry the maximum load to which they will be respectively subjected without deflection.

4. The knife-edges are firmly and permanently fixed in the levers, have sufficient room to permit free oscillation, and are sufficiently firm.

5. The knife-edges and fulcrums of each set of levers are in the same plane.

6. The oscillations are sufficiently evident.

7. The weights used with the instrument are equal to the avoirdupois pound, or to multiples or authorized sub-multiples of the avoirdupois pound, or special weights for the barrel of flour or for the bushel of wheat, their actual weight and the weight or special quantity they are intended to indicate on the scale being plainly marked thereon.

8. The weights used as above are decimal sub-multiples, as $\frac{1}{10}$, $\frac{1}{100}$, $\frac{1}{1000}$, or binary sub-multiples of the load indicated by them.

9. There are no detached parts for the adjustment of the balance accessible, or so placed that they can be used for fraudulent weighing.

10. The apparatus weighs correctly with a maximum load, or any part thereof, placed in the centre of the platform, and with not less than fifty per cent of the maximum load placed at either end, or with not less than twenty-five per cent thereof at any one corner.

11. The maximum load which the apparatus is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on the beam.

WHEN WEIGH-BRIDGES, PLATFORM SCALES AND BALANCES WITH EQUAL AND UNEQUAL ARMS SHALL BE REJECTED.

Sec. 6. All these weighing machines will be rejected—

1. When with a full load and truly balanced, the addition or subtraction of the two thousandth part of the load for original verification and the one thousandth part thereof for subsequent verifications, does not cause the beam to touch the upper or lower part of the arc and remain there.

2. When the shop number, the maximum capacity and the maker's name are not legibly cast, engraved or stamped on them.

3. When the knife-edges and bearings are not made of hardened cast steel, chilled iron, agate or other hard substance not sufficiently hard to resist the action of a smooth file.

4. When unprovided with four check-rods to hold the bearings in place, excepting "Union Scales," which shall have two check-rods. (When constructed on the Howe principle, check-rods are not required.)

NOTE.—*The provisions of subsection 2 shall apply only to original verification.*

SPECIAL WEIGHING MACHINES.

Sec. 7. Weighing machines known as "Hydrostatic Balances," being such as are commonly used for determining the weight of coals delivered at the pit mouth, may be verified for use for such purposes, and also for weighing coals as delivered from vessels and barges, provided they give true indications within one two-hundredth part of the load.

1. Weighing machines known as "Perfection Scales," if manufactured in accordance with specifications deposited in Patent Office at Ottawa, may be admitted to verification when found to weigh correctly.

2. Weighing machines known as "Duplessis Portable Track Scales," used for determining the weight of cars on railway tracks, may be admitted to verification for use for such purposes, provided they give indications within one four-hundredth part of the load.

3. A weighing machine known as the "Household Scale," a balance with equal arms to carry a load above the fulcrums of not more than ten (10) pounds in each pan. In its construction and verification it must in every respect comply with the requirements of sec. 3, above. The words "Household Scale" must be engraved or stamped in bold legible letters of not less than one-fourth of an inch in height, on some conspicuous part of each scale so that at a glance its classification may be known.

4. The scale known as the "Household Scale," manufactured by Mr. D. Collins, Montreal, and having unequal arms, is also admitted to verification under the same conditions.

These scales shall be used for household purposes only. Should any such scale be found in use for trade purposes of any description it shall be seized and confiscated. The fee for the verification of the above described "Household Scales" shall be ten (10) cents for each scale.

5. The "Spafford Improved Platform Scale" when it complies with the requirements of section 5.

6. Computing scales, when they comply with the requirements of sections 2, 3 or 5, but the certificates issued shall only prove their correctness as weighing machines.

7. The "Troemner Ball Scale" with its special weights.

The inspection fee shall be the same as for platform scales.

8. Spring scales, commonly known as "Butchers' Scales" or "Market Scales." where it is not possible to engrave or stamp them, the shop number, maximum load and maker's name may be painted thereon. The shop number shall also be stamped or engraved on the pan or its supports.

The tolerated error for these scales, when weighing at their full capacity, shall not exceed one ounce.

Spring scales shall be presented for verification annually; and any such scales found in use more than twelve months after the first inspection or any succeeding verification thereof shall be confiscated.

9. "Suspension Scales" when they comply with the requirements of section 5—so far as applicable.

10. "The Parsell Truck Scale" when it complies with the requirements of section 5.

SPECIAL MEASURING MACHINES ADMITTED TO VERIFICATION.

Sec. 8. Salt carts, each to contain four imperial bushels, constructed, as to form and dimensions, in

accordance with plan or drawing of the same to be attached to weights and measures regulations, shall be admitted to verification.

2. Salt carts made in any other form or according to other dimensions than the foregoing will not be admitted to verification, and consequently their use for trade purposes will be held to be illegal.

3. The fee chargeable for verifying and stamping each salt cart shall be one dollar.

Victor Molasses Gate. Inspection fee 25c.

The Cylindrical Cloth Measure. Inspection fee 50c.

The S. F. Bowser Self-Measuring Pump—when due provision for sealing is made. Inspection fee 75c.

The C. T. Williams Improved Self-Measuring Pump. Inspection fee 50c.

Enterprise Measuring Faucet. Inspection fee 50c.

Enterprise Self-Measuring and Priming Pump—No. 197. Inspection fee 50c.

4. Owners of Molasses and Oil gates and pumps which have been approved by the Department, may legally use them for trade purposes until such time as the inspecting officers of the district in which they are in use, may on their irregular visits, or their regular periodical tours, be brought into their vicinity.

SEC. 9.—*Verification and stamping of weights, measures and weighing machines on the premises of the manufacturer, adjuster or repairer, and their removal thereform.*

1. The article shall bear the name of the maker, its capacity and consecutive shop-number whereby it may be designated for identification with the certificate of verification. These marks shall be cast, engraved or stamped. Printing or stencilling is prohibited.

2. The verification and stamping must take place before the articles are packed for removal, and at that state of completion at which they are finally adjusted by the manufacturer, adjuster or repairer, excepting weigh-bridges, hay scales or other dormant * weighing machines which cannot be verified until finally set up.

3. It shall be the duty of all manufacturers, importers and adjusters of weights, measures or weighing machines to notify the inspector of weights and measures for the district, of the shipment and destination of all weigh-bridges, hay scales or other dormant weighing machines which cannot be inspected until finally set up.

4. When scales are sent to factories or to adjusters for repairs, they must be reinspected after such repairs are made ; but fees in addition to those of the regular biennial inspection shall not be charged. Special certificates shall be given in such cases informing the owners that the regular biennial reinspections are not in any way postponed by the issue of the intermediate certificate.

5. For the first verification and stamping of weights, measures and weighing machines at the place where they are manufactured, the fees may be paid at once, or payment may be postponed for such period not exceeding three months as the Minister of Inland Revenue may authorize, sufficient security being taken for the payment thereof at the time stated in the Departmental Regulations under which the delay is granted.

IMPORTATION OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

SEC. 10.—*Weights, measures and weighing machines imported into Canada are to be dealt with as follows:—*

1. The Collector of Customs at the port where such articles are imported will notify the inspector of weights and measures for the district of the entry for consumption of any weights, measures or weighing machines at his port, which notice shall state the number and description of such articles as are invoiced, and the names and residence of the parties to whom they are delivered.

2. So long as such articles remain in the original packages they may be removed from the custom-house or from a custom warehouse to the premises of the importer without inspection, but they shall not be taken into use for trade purposes without being first inspected and stamped.

FIRST INSPECTION OF DORMANT WEIGHING MACHINES, HAY SCALES, WEIGH-BRIDGES, &C.

Sec. 11. Owners of these scales may, after the same have been carefully set up on permanent foundations, and having in writing notified the Inspector, legally use them for trade purposes until such time as the inspecting officers of the district in which they are in use, may, on their *irregular* visits, or their regular periodical tours, be brought into their vicinity.

If it should occur, however, that any person owning one of these weighing machines should doubt its accuracy or desire its immediate inspection, he can, on application to the inspector of the district, have the same verified, on his agreeing in writing to pay all really necessary expenses attending the inspection.

LOOSE COUNTERPOISES OR THEIR EQUIVALENTS.

Sec. 12. No weighing machine having a "scoop on" or "scoop off" or similar contrivance shall be admitted to verification, and any now in use shall be so permanently fixed that the scale may be used with the scoop only, or without the scoop only.

SECOND OR SUBSEQUENT VERIFICATIONS OF WEIGHING MACHINES.

Sec. 13. No weighing machine duly inspected and stamped, shall be liable for reverification oftener than once in two years, excepting those used for elevators, railways, collieries, flouring mills (other than grist mills), cheese factories, grain warehouses, public markets, and for the weighing of coal which shall be inspected annually.

SPECIAL INSPECTION OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

Sec. 14. The owner or user of a weighing machine may demand its inspection at any time by paying therefor the fees and costs incurred.

NEW VARIETIES OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

Sec. 15. No weights, measures or weighing machines other than those specified by this Order in Council shall be admitted to verification, unless a sample of the article for which admission is sought has been sent, free of charge, to the Commissioner of Standards at Ottawa, and authority for their use obtained.

REJECTION FEES—REJECTION LABELS.

Sec. 16. 1. When weights, measures or weighing machines presented for verification are palpably incorrect, it will be the inspector's duty to inform the owner of this fact, and instruct him to have such articles adjusted ; and submitted to verification, after such adjustment has been made.

2. The unpleasantness to the owner of having to pay a rejection fee will thus, in the majority of cases, be obviated.

3. If any weight, measure or weighing machine be found incorrect and incapable of being made correct, it shall be seized and confiscated or destroyed,

4. If it be capable of being made correct, the owner or user shall be instructed to have it sent at once to the manufacturer or adjuster, and shall be warned that it must not be used until put into a state of proper repair, and the label prepared for that purpose shall be attached and sealed in such manner that the article cannot be used without destroying the label or breaking the wire fastening the seal.

5. If such rejected article be used before proper repairs are made, the inspecting officer shall proceed against the owner or user under section 25 of *The Weights and Measures Act.*

---

* The term "*dormant*," shall be understood to cover only such weighing machines as weigh-bridges, hay and track scales, or such weighing machines only as require to be placed on a specially prepared foundation.

Department of Marine and Fisheries,
Ottawa, Canada, 29th December, 1898.

☞ All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notices of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters to the Chief Engineer, Department of Marine and Fisheries, Ottawa, Canada.

NOTICE TO MARINERS.

No. 82 of 1898.

DOMINION OF CANADA—BRITISH COLUMBIA.

I. New buoy in Sidney channel.

A steel buoy, painted red, has been moored in 7 fathoms, westward of the west shoal off Sidney spit, Sidney island, Sidney channel, off the south-east coast of Vancouver island.

Lat. N. 48° 37' 50"
Long. W. 123° 21' 23"

One hundred and fifty feet westward of the buoy the depth is 10 fathoms, deepening at once to 16 fathoms.

From the buoy the beacon on Sidney spit bears N. 20° W. (N. 4° E. true), distant 1¾ miles, and the north extreme of James islands, S. 41° W. (S. 65° W. true).

II. Change in colour of east buoy in Sidney channel.

The spar buoy moored on the east shoal, in the same locality, has been changed in colour to black, and must be left on the port hand by a vessel running with the flood and intending to take the channel between the east shoal and the spit. There is no safe passage between the two buoys.

III. Buoy removed from shoal off D'Arcy island.

The black spar buoy heretofore marking the eastern shoal patch westward of D'Arcy island, in the south entrance to Sidney channel, has been discontinued. The two patches which it marked have not less than

19½ feet water over them at low tide, which is greater than the draft of vessels using that channel. The buoy proved to be an obstruction to navigation.

This notice affects Admiralty charts Nos. 2689 and 2840, and British Columbia Pilot, 1898, page 107.

F. GOURDEAU,
Deputy-Minister of Marine and Fisheries.

NOTICE TO MARINERS.

No. 83 of 1898.

DOMINION OF CANADA—BRITISH COLUMBIA.

I. Buoy on Rosedale Rock.

A steel can buoy, painted black, has been established by the Government of Canada off Rosedale Rock, eastward of Race Islands, Strait of Juan de Fuca, South coast of Vancouver Island.

Lat.	N.	48°	17'	10"
Long.	W.	123°	31'	40"

The buoy is moored in 10 fathoms, E. ¾ S., (S. 59° E. true) 1¼ cables from the rock. From the buoy, Race rocks lighthouse bears N. 61° W., distant ½ mile, and William Head, N. 24½° W.

This notice affects Admiralty charts Nos. 1906, 1911, 1917, 2689 and 2840, and British Columbia Pilot, 1898, page 73.

II. Shoal in Mayor Channel.

Captain Walbran, master of the D. G. S. "Quadra," reports the existence of a shoal, on which a least depth of 4 fathoms was found, in Mayor channel, off the southeast coast of Vancouver island, nearly midway between Great Chain island and Thames shoal.

Lat.	N.	48°	25'	0"
Long.	W	123°	17'	10"

The patch is marked by kelp, which shows only at and near slack water.

This notice affects Admiralty charts Nos. 577, 2689 and 2840, and British Columbia Pilot, 1898, page 87.

JAPAN.

III. Kyoga-misaki Lighthouse.

Notice is given by the Government of Japan of the proposed establishment, on the 25th instant, of a first order white flashing light from a lighthouse recently erected at Kyoga-misaki, northern extremity of the province of Tango.

Lat.	N.	35°	46'	46"
Long.	W.	135°	13'	7"

The light will show triple flashes every 20 seconds over an arc of 238 degrees 15 minutes between the bearings of N. 75° 35' E. and N. 46° 10' W. The bearings are true and as observed from seaward.

The elevation of the light above the sea, will be 474 feet and, in clear weather, it will be visible 29 miles.

The lighthouse is built of stone, circular in plan; it is painted white and is 29 feet 7 inches high from the base to the centre of the lantern.

ATTENDU que dans et par un contrat ou arrangement conclu entre le commissaire en chef des chemins de fer pour la province de la Nouvelle-Ecosse, et William Henry Punchard, Frederick Barry et Edwin Clark, daté le ou vers le vingt-deuxième jour de novembre, en l'année de Notre Seigneur mil huit cent soixante-six, et en vertu des conditions et dispositions d'un acte de la Grande Assemblée de Notre province de la Nouvelle-Ecosse, passé en la trentième année de Notre règne, chapitre trente-six, et intitulé : "An Act to incorporate the Windsor and Annapolis Railway Company," il fut accordé à la Compagnie de chemin de fer Windsor et Annapolis un drawback du montant des droits de douane et d'importation payés sur tous matériaux et effets requis pour la construction et l'exploitation du chemin de fer appartenant à la dite compagnie ;

Et attendu que dans et par un acte du parlement du Canada, passé en les cinquante-huitième et cinquante-neuvième année de Notre règne, chapitre quarante-sept, et intitulé "Acte constituant en corporation la Compagnie du chemin de fer Dominion-Atlantic" il est entre autres choses en substance statué, que la dite Compagnie de chemin de fer Dominion-Atlantic aurait le pouvoir d'acheter toute la propriété en Canada de la dite Compagnie de chemin de fer Windsor et Annapolis, avec tous ses terrains, immunités, pouvoirs, droits, privilèges, équipements, gares, outillage, matériel roulant, matériaux, approvisionnements et dépendances ; et attendu que la dite Compagnie de chemin de fer Dominion-Atlantic a dûment acheté la dite propriété de la Compagnie du chemin de fer Windsor et Annapolis, avec tous ses dits terrains, immunités, pouvoirs, droits, privilèges, équipements, gares, outillage, matériel roulant, matériaux, approvisionnements et appartenances ;

ORDONNANCE No. 47 de 1898

(du 8 de juillet.)

Par laquelle la taxe commerciale est prélevée et certains pouvoirs concédés aux municipalités du département.

L'Assemblée départementale de Panama dans l'exercice de ses pouvoirs légaux :

Ordonne :—

Article 1.—Les personnes qui reçoivent des marchandises étrangères, pour être vendues, employées, ou consommées dans le département, sont sujettes à payer pour ces opérations une taxe de quinze pour cent (15 p. c.) en argent sur la valeur nette en or colombien des marchandises reçues à cette fin. La valeur en or sera calculée en la manière établie dans l'article 1 de l'Ordonnance No. 78 de 1894.

Les factures de marchandises provenant de pays où la base monétaire en force est l'argent, et qui pour ces raisons sont déclarées en cette monnaie, seront liquidées pour la perception du droit correspondant, sans intérêt de prime ou escompte, au même taux de quinze pour cent (15 p. c.) de sa valeur en argent colombien.

Article 2.—Toutes les municipalités du département sont autorisées de charger aux établissements commerciaux qui n'importent pas directement leurs marchandises de l'étranger, une taxe mensuelle qui n'excédera pas trente piastres—les taxes sont toujours stipulées en monnaie courante de la Colombie—($30), et sera d'au moins une piastre ($1.)

Article 2.—Annule la section 44 de l'article 1 de l'Ordonnance No. 70 de 1894, qui spécifie la "consommation des articles étrangers."

Article 4.—Autorise le gouverneur du département, dans certains cas, à concéder l'exemption de la taxe commerciale sur les effets reçus par les consuls résidents dans ce département, que ces effets soient pour leur bureau ou usage personnel, à la discrétion du gouverneur et lorsqu'il ne craint pas qu'il se fasse des opérations commerciales avec ces effets. Ceci est un acte de courtoisie et de déférence envers les représentants de nations amies qui sont sous le régime de service consulaire; ceux qui s'occupent soit temporairement ou permanemment de transactions mercantiles ne peuvent jouir de ces privilèges.

Article 5.—Le même magistrat est autorisé, lorsqu'il le croit opportun pour les intérêts fiscaux, à établir des entrepôts en les cités de Panama, Colon et Bocas del Toro, pour la garde des marchandises qui, étant venues en transit ne continuent pas immédiatement à leur destination respective, et pour l'examen des chargements locaux.

Article 6.—Les taxes d'abattoirs et sur les porcs que les municipalités sont autorisées à établir, peut se monter à une piastre cinquante centins ($1.50) pour chaque tête de gros bétail, et à une piastre et trente centins pour chaque tête de petit bétail qui est abattue dans l'édifice destiné à cette fin.

Sont exceptés de la liste du petit bétail, les moutons et les chèvres, pour lesquels sera prélevé une piastre, et cinquante centins ($1), (50 centins) respectivement.

Article 7.—A part les taxes mentionnées dans l'article précédent, la municipalité peut percevoir la somme de trente centins pour chaque cochon ou mouton qui est admis dans l'étable à cochons et destiné à la consommation publique.

2. Le fléau doit être assez fort pour porter la charge sans fléchir ;

3. La disposition des couteaux doit être telle que leurs arêtes ainsi que le fond des encoches constituant la division du grand bras du levier, et dans lesquelles s'arrête le poids curseur, soient exactement placés sur une même ligne droite passant très près et un peu au-dessus du centre de gravité de tout le système ;

1. La fondation ou base doit être suffisamment solide et capable de porter, sans altération de niveau ou de forme, ou autre dérangement, le maximum de la charge que ces instruments sont destinés à peser et lorsque la fondation est assez profonde pour ne pas être affectée par la gelée. La fosse doit avoir au moins cinq pieds de profondeur, et être bien égouttée.

2. Le tablier ou plateforme doit être arrangé de telle manière que l'on puisse facilement découvrir tout obstacle qui en gêne les mouvements ;

3. Tous les fléaux, leviers et autres pièces, doivent avoir assez de force pour porter sans fléchir le maximum du poids dont ils seront respectivement chargés ;

Art. 6. Tous ces instruments de pesage seront rejetés—

1. Si, lorsque la balance porte le maximum de sa charge et est en équilibre parfait, l'addition ou l'enlèvement de la deux-millième partie de la charge pour la vérification originale et la millième partie de cette charge pour les vérifications subséquentes, ne force pas le fléau à toucher la partie supérieure ou inférieure de l'arc, et d'y rester.

2. Si le numéro de l'atelier, la capacité maximum et le nom du fabricant n'y sont pas distinctement coulés, gravés ou poinçonnés.

3. Si les arêtes des couteaux et des supports ne sont pas faits d'acier fondu trempé, de fer refroidi, d'agate ou d'autre substance qui n'est pas assez dure pour résister à l'action d'une lime douce.

4. S'ils ne sont munis de quatre tiges d'arrêt pour assujétir les supports à leur place, sauf les balances "Union" qui auront deux tiges d'arrêt. (Lorsque les balances sont construites d'après le système Howe, les tiges d'arrêt ne sont pas exigées).

NOTE.—*Les dispositions du paragraphe 2 ne s'appliqueront qu'à la vérification originale.*

MACHINES SPÉCIALES DE PESAGE.

Art. 7. Les instruments de pesage connus sous le nom de Balances hydrostatiques, et qui sont ordinairement employés à peser la houille à la sortie de la houillère, peuvent être vérifiés pour ces fins, et aussi pour le pesage de la houille à la sortie des bâtiments ou des barges, pourvu qu'ils soient justes dans la limite d'une tolérance de un deux-centième de leur charge.

1. Les balances dites *Perfection*, lorsqu'elles seront construites en conformité du devis déposé au bureau des brevets à Ottawa, pourront être admises à la vérification, si elles sont justes.

2. Les instruments de pesage connus sous le nom de *Duplessis Portable Track Scales* (Balances portatives Duplessis pour les chemins de fer) employés sur les chemins de fer pour déterminer le poids de wagons sur la voie, peuvent être admis à la vérification pour être employés à cette fin, s'ils sont exacts dans les limites de un quatre-centième de leur charge.

3. L'instrument de pesage connu sous le nom de *Household Scale* (Balance de ménage), est une balance à bras égaux construite de façon à porter au-dessus des points d'appui une charge d'au plus dix (10) livres dans chaque plateau. Pour être admise à la vérification, cette balance doit être, dans sa construction, à tous égards, conforme aux conditions de l'art. 3 ci-dessus. Les mots *Household Scale*, doivent être gravés ou poinçonnés en lettres bien apparentes et bien lisibles d'au moins un quart de pouce de hauteur, sur quelque partie en évidence de chaque instrument, de façon qu'on puisse voir d'un coup-d'œil à quelle catégorie il appartient.

4. La balance appelée *Household Scale* fabriquée par Mr. D. Collins, Montréal, et ayant des bras inégaux, est aussi admise à la vérification aux mêmes conditions.

Ces balances ne seront employées que pour des fins de ménage, et s'il en est trouvé d'employées à des fins commerciales d'aucune sorte, l'agent du département les saisira et confisquera. Le droit de vérification pour la balance de ménage décrite ci-dessus sera de dix (10) centins.

5. La *Spafford Improved Platform Scale* lorsqu'elle est conforme aux exigences de l'article 5.

6. Les balances à computer, lorsqu'elles sont conformes aux dispositions des articles 2, 3 ou 5, mais les certificats délivrés n'établiront que leur exactitude comme instruments de pesage.

8. La "*Troemner Ball Scale*", avec ses poids spéciaux.

Le droit d'inspection sera le même que pour les balances-bascules.

8. Sur les balances à ressorts, communément appelées "balances de bouchers", lorsqu'il n'est pas possible de les graver ou de les poinçonner, le numéro de l'atelier, la charge maximum et le nom du fabricant peuvent être peinturés. Le numéro d'atelier sera aussi poinçonné ou gravé sur le plateau ou ses supports.

L'erreur tolérée pour ces balances, lorsqu'elles pèsent à leur pleine capacité, n'excèdera pas une once.

Les balances à ressorts seront présentées à la vérification annuellement, et toutes telles balances trouvées en usage plus que douze mois après la première inspection ou toute vérification subséquente d'icelles, seront confisquées.

9. Les balances suspendues, lorsqu'elles sont conformes à l'article 5—autant que possible.

10. La *Parsell Truck Scale*, lorsqu'elle est conforme à l'article 5.

11. La balance à torsion Springer.

Les règlements et les droits seront, autant que possible, les mêmes que pour les balances à bras égaux, art. 3.

INSTRUMENTS SPÉCIAUX DE MESURAGE ADMIS À LA VÉRIFICATION.

Art. 8. Les charrettes à sel, contenant quatre boisseaux impériaux, construits, sous le rapport de la forme et des dimensions, selon le plan ou dessin attaché aux règlements des poids et mesures, seront admis à la vérification.

2. Les charrettes à sel d'autre forme ou d'autres dimensions que celles ci-dessus prescrites, ne seront pas admises à la vérification, et conséquemment leur usage dans le commerce sera considéré illégal.

3. Le droit exigible pour vérifier et poinçonner chaque charrette à sel sera d'une piastre.

Le robinet à mélasse Victor. Droit d'inspection, 25 cts.

La mesure cylindrique pour l'étoffe. Droit d'inspection 50 cts.

L'*Enterprise Measuring Faucet*. Droit d'inspection 50 cts.

Enterprise Measuring and Priming Pump n° 197. Droit d'inspection 50 cts.

4. Les propriétaires de robinets et pompes à mélasse et à l'huile qui ont été approuvés par le département, pourront légalement s'en servir dans le commerce jusqu'à ce que officiers inspecteurs du district dans lequel ils sont en usage puissent les visiter.

Art. 9.—*Vérification et poinçonnage des poids, mesures et instruments de pesage, aux ateliers du fabricant, ajusteur ou réparateur, et leur sortie de ces ateliers.*

1. L'article portera le nom du fabricant, sa capacité et son numéro consécutif de fabrique qui permettent de le rapporter au certificat de vérification. Ces marques seront coulées, gravées ou poinçonnées. Il est défendu de les imprimer ou patronner.

2. Les articles devront être vérifiés et poinçonnés avant l'emballage pour la sortie des ateliers, et lorsqu'ils auront atteint le degré d'achèvement où le fabricant, l'ajusteur ou réparateur les ajuste finalement ; sauf les ponts à bascule, les balances à foin ou autres instruments de pesage dits *dormant** qui ne peuvent être vérifiés avant d'être montés finalement.

3. Il sera du devoir de tout fabricant, importateur et ajusteur de poids, mesures ou instruments de pesage de donner à l'inspecteur des poids et mesures du district, avis de l'envoi et destination de tout instrument de cette nature qui ne peut être inspecté avant d'être finalement monté.

4. Lorsque des balances sont envoyées à des ateliers ou à des ajusteurs pour être réparées, elles doivent être inspectées de nouveau après avoir été réparées ; mais il ne sera pas exigé de droits en sus de ceux de l'inspection régulière biennale. Des certificats spéciaux seront donnés dans ces cas avertissant les propriétaires que les inspections biennales régulières ne sont aucunement retardées par la livraison de ce certificat intermédiaire.

5. Pour la première vérification et premier poinçonnage des poids, mesures et instruments de pesage, sur les lieux de fabrication, les droits pourront être payés de suite, ou le paiement pourra en être remis à une époque que le ministre du Revenu de l'intérieur pourra fixer dans une limite de trois mois, pourvu qu'il soit donné une garantie suffisante du paiement de ces droits, à l'époque fixée par le règlement administratif en vertu duquel sera accordé le délai.

IMPORTATION DE POIDS, MESURES ET INSTRUMENTS DE PESAGE.

ART. 10.—*Les poids, mesures et instruments de pesage importés au Canada seront soumis aux règlements suivants:—*

1. Le percepteur du port où ces articles seront importés donnera à l'inspecteur du district avis des déclarations pour la consommation qui seront faites à son port relativement à des poids, mesures ou instruments de pesage ; et cet avis indiquera le nombre et la nature des articles portés au connaissement, et contiendra les noms et domiciles des personnes auxquelles ils auront été livrés.

2. Tant que ces articles resteront dans les colis primitifs ils peuvent être transportés de la douane ou d'un entrepôt de douane aux ateliers de l'importateur sans inspection, mais ils ne peuvent être employés dans le commerce sans avoir d'abord été inspectés et poinçonnés.

PREMIÈRE INSPECTION DES INSTRUMENTS DE PESAGE, BALANCES À FOIN, PONTS À BASCULE, ETC. DITS DORMANTS.

Art. 11. Les propriétaires de ces balances peuvent, après les avoir soigneusement montés sur des fondations permanentes, et en avoir donné avis par écrit à l'inspecteur, s'en servir légalement dans le commerce jusqu'à ce que les officiers inspecteurs du district où ils sont employés puissent les visiter.

Toutefois, s'il arrivait qu'une personne possédant un de ces instruments de pesage douterait de l'exactitude, ou désirerait son inspection immédiate, il peut, sur demande à l'inspecteur du district, le faire vérifier, en s'engageant par écrit à payer tous les frais nécessaires résultant de l'inspection.

CONTREPOIDS DÉTACHÉS OU LEURS ÉQUIVALENTS.

Art. 12. Aucun instrument de pesage ayant une écope fixe ou non ou autre accessoire semblable ne sera admis à la vérification, et tout instrument aujourd hui en usage sera fixé si permanemment que la balance peut servir avec l'écope seulement, ou sans l'écope seulement.

DEUXIÈME RECTIFICATION OU VÉRIFICATION SUBSÉQUENTE DES INSTRUMENTS DE PESAGE.

Art. 13. Aucun instrument de pesage dûment inspecté et étalonné, ne sera assujéti à la revérification plus souvent qu'une fois dans deux ans, sauf ceux employés pour les élévateurs, chemins de fer, houillères, moulins à farine (autres que les moulins à moudre), les fabriques de fromage, les entrepôts de grain, les marchés publics, et pour peser le charbon, lesquels seront inspectés annuellement.

INSPECTION SPÉCIALE DE POIDS, MESURES ET INSTRUMENTS DE PESAGE.

Art. 14. Le propriétaire ou celui qui se sert d'un instrument de pesage pourra en tout demander son inspection en payant pour cela les droits et frais encourus.

NOUVELLES VARIÉTÉS DE POIDS, MESURES ET INSTRUMENTS DE PESAGE.

Art. 15. Aucun poids, mesures ou instruments de pesage, autres que ceux spécifiés par le présent arrêté en conseil, ne seront admis à la vérification, à moins qu'un échantillon de l'article qui fait le sujet de la demande ne soit envoyé, sans frais, au commissaire des étalons à Ottawa, et que leur usage soit autorisé.

DROITS DE REJET—ÉTIQUETTE DE REJET.

Art. 16. (1). Lorsque des poids, mesures ou instruments de pesage présentés à la vérification sont évidemment inexacts, il sera du devoir de l'inspecteur d'informer le propriétaire du fait, et de lui enjoindre de faire ajuster ces articles ; et de les soumettre à la vérification après tel ajustement.

2. Le désagrément, pour le propriétaire d'avoir à payer un droit de rejet sera ainsi, le plus souvent, évité.

3. Si un poids, une mesure ou un instrument de pesage est trouvé inexact, et incapable d'être mis exact, il sera saisi et confisqué, ou détruit.

4. S'il est impossible de le rendre exact, le propriétaire ou celui qui s'en sert sera enjoint de l'envoyer immédiatement au fabricant ou à l'ajusteur, et sera averti que cet instrument ne peut servir avant d'avoir été convenablement réparé, et l'étiquette préparée à cette fin sera attachée et scellée de manière que l'article ne puisse être utilisé sans détruire l'étiquette ou briser le fil métallique qui assujétit le sceau.

---

* Le terme *Dormant Scales* ne comprendra que les ponts à bascule, les balances à foin, à chemin de fer, et autres instruments de pesage qui demandent à reposer sur des fondations préparées spécialement.

5. Si l'article rejeté est utilisé avant que les réparations convenables ne soient faites, l'officier inspecteur poursuivra le propriétaire ou celui qui s'en sert en vertu de l'article 25 de l'*Acte des poids et mesures.*

De 1,000 grains en diminuant jusqu'à 10 grains, cylindriques, avec une petite tige et un bouton.

Six grains et au-dessous : Fil de platine ou d'aluminium plié de manière à représenter le nombre de grains ou de fractions décimales d'un grain.

Dans tous les cas la dénomination des poids, lorsqu'ils sont de grandeur suffisante, doit être coulée, gravée ou poinçonnée sur chacun d'eux, en chiffres lisibles et de grandeur proportionnée à celle du poids.

Poids troy.

De 500 onces en diminuant jusqu'à 1 once. Cône tronqué, avec bouton.

De 5 onces en diminuant jusqu'à ·001 onces, lames carrées plates.

La dénomination doit être gravée ou poinçonnée sur le sommet du bouton, en chiffres d'une grandeur proportionnée à celle de chaque poids, et sur la face des poids de moindre volume.

POIDS DE FER.

1. Nul nouveau poids de fer ne sera admis à la vérification à moins qu'il n'ait qu'un seul tampon de métal mou, qui sera enfoncé d'un huitième de pouce au mois au-dessous de la surface.

2. Tous les poids de fer pour les balances-bascules, d'une demi-livre au moins, auront une épaisseur d'un demi-pouce au moins.

3. Lorsqu'un poids de fer est présenté à la vérification, ou lorsqu'un tel poids est trouvé en usage, dont le tampon de métal mou est perdu, il ne sera pas ajusté au repoinçonné avant que la cavité dans laquelle le tampon était fixé n'ait été agrandie dans le fond, de façon que l'expansion du plomb employé pour l'ajuster l'empêchera de sortir subséquemment.

4. Dans tous les poids de fer l'ouverture pour recevoir ce tampon de plomb sera de la grandeur uniforme de ⅝ d'un pouce de diamètre, si possible.

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 17e jour de décembre 1898.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît à Son Excellence, en vertu des dispositions de l'article 50 du chapitre 101 des Statuts Revisés du Canada, intitulé : "Acte d'inspection du gaz," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner et il est par le présent ordonné que les règlements faits et établis par arrêté en conseil du 9e jour de janvier 1889, chapitre 46 des Arrêtés en conseil refondus du Canada, tels que modifiés par l'arrêté en conseil du 7 de mars 1892, soient et ils sont par le présent cancellés et remplacés par ce qui suit.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENTS CONCERNANT LA VÉRIFICATION ET L'ÉPREUVE DU GAZ ET DES GAZOMÈTRES.

1. Des copies de tous modèles déposés au département du Revenu de l'Intérieur, et légalisées par l'arrêté en conseil du 15 décembre 1874, ayant été vérifiées sous le contrôle du ministre du Revenu de l'Intérieur, ces copies seront à l'avenir appelées "étalons locaux pour le gaz," et un assortiment suffisant de ces étalons sera placé aux endroits qui seront nécessaires pour l'exécution des dispositions de l'*Acte d'inspection du gaz*, dans des bureaux convenables ouverts à cette fin.

2. Les "étalons locaux pour le gaz" seront confiés à des inspecteurs dûment nommés, qui en seront responsables et en auront la seule possession ; et il ne sera permis à personne—sauf ceux qui sont dûment autorisés à cet effet—d'avoir accès aux dits "étalons locaux pour le gaz" ou de s'en servir.

3. Chaque fois qu'il y a raison de supposer que quelques-uns de ces étalons sont devenus inexacts—chose dont l'inspecteur du gaz ou quelque officier supérieur du département du Revenu de l'Intérieur sera le seul juge—ces étalons seront éprouvés par des instruments portatifs désignés par les règlements administratifs, ou les étalons supposés être défectueux pourront, si le département du Revenu de l'Intérieur le trouve nécessaire, transportés à Ottawa et vérifiés d'après les modèles originaux.

4. Lorsque ces gazomètres ont été vérifiés et trouvés exacts dans les limites de l'erreur tolérée par le statut, l'inspecteur ou député inspecteur y apposera un sceau, lequel sera de cire portant telle devise que détermineront les règlements administratifs.

5. En vertu de l'autorité de l'*Acte d'inspection du gaz*, art. 28, par. 3, il est déclaré que le soufre dans le gaz sera réputé excéder la tolérance réglementaire lorsqu'il se trouve en plus grande quantité que 35 grains dans cent pied cubes de gaz, et que l'ammoniaque sera réputé excéder la tolérance réglementaire lorsque la quantité trouvée est plus grande que quatre grains dans cent pied cubes de gaz.

6. Les formules dans l'annexe A 1, A 2, et A 3, serviront pour accorder des certificats concernant la vérification des gazomètres et l'épreuve du gaz, et nul certificat ne sera valable s'il n'est pas donné dans la forme autorisée par le présent, ni à moins que des timbres représentant les honoraires prescrits pour un tel certificat n'y soient attachés et annulés conformément aux règlements administratifs alors en vigueur.

7. L'annexe B attachée au présent est une échelle des honoraires qui seront payés pour la vérification des gazomètres et l'épreuve du gaz, et les honoraires payables simplement pour éprouver ou vérifier les gazomètres seront payables que ces gazomètres soient étampés ou rejetés.

8. L'annexe C est une table d'honoraires payables par les compagnies de gaz pour des certificats que les inspecteurs officiels leur délivreront, et que les compagnies feront connaître tel que le veut l'article 36 et les paragraphes 2 et 3 du dit article de l'*Acte d'inspection du gaz*.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures, quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

1. There is no material difference as to the magnitude or arrangement of the two arms.

2. The arms are of equal length within a limit of error equivalent to that tolerated in commercial weights.

3. There are no balance balls, loose counterpoises or detached parts other than the pans necessary for carrying the load weighed, and the weights used for weighing it.

4. Its parallel rods, guides, levers and pivots, by which the adjustment of the scale is affected, are so constructed that they cannot be put out of adjustment without the use of violence, which may be readily detected on inspection.

5. The knife-edges or fulcrums of each set of levers or guide rods are in the same plane.

6. The balance is sufficiently sensitive to turn by the addition or subtraction of the two thousandth part of the maximum load for original verification, and the one thousandth part thereof for subsequent verifications.

7. There is a tongue or pointer, or some equivalent arrangement for showing when the balance is in equilibrium.

8. Except in the case of fine druggists' scales the maximum load which the weighing machine is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on it.

9. The knife-edges are made of hardened cast steel.

10. The bearings are made of hardened cast steel, chilled iron, agate or other hardened substance, not liable to be cut by the action of the knife-edge, and sufficiently hard to resist the action of a smooth file.

BALANCES COMMONLY KNOWN AS STEELYARDS OR ROMAN BALANCES.

Sec. 4. Balances commonly known as *steelyards* or Roman balances, having unequal arms, are to be admitted to verification only when—

1. There is sufficient room for oscillation, and the knife-edges on which the beam oscillates are sufficiently fine to permit it to move freely.

2. The beam is sufficiently strong to carry its load without deflection.

3. The bottom of the notches by which the divisions of the long arm of the lever are indicated, and from

which the weight is suspended, are in close approximation to a right line drawn through the knife-edges forming the points of suspension, and when such straight line passes near to and a little above the centre of gravity of the whole apparatus.

4. The divisions on the long arm of the lever are equal among themselves.

5. The weights used with the lever—if they are changeable or can be readily detached therefrom—are multiples or sub-multiples of the pound avoirdupois. If sub-multiples they may be decimal sub-multiples as $\frac{1}{10}$, $\frac{1}{100}$, $\frac{1}{1000}$; or binary sub-multiples as $\frac{1}{16}$, $\frac{1}{8}$, $\frac{1}{4}$, $\frac{1}{2}$ of the pound avoirdupois. All the weights must have their true weight distinctly marked upon them.

6. The maximum load which the weighing machine is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on it.

7. The knife-edges are made of hardened cast steel.

8. The bearings are made of hardened cast steel, chilled iron, agate, or other hard substance not liable to be cut by the action of the knife-edge, and sufficiently hard to resist the action of a smooth file.

WEIGH-BRIDGES, HAY SCALES AND PLATFORM SCALES.

Sec. 5. Weigh-bridges, hay scales and platform scales will be admitted to verification only when—

1. The foundation or supporting base is sufficiently firm, and capable of carrying without change of level or of form or other disturbance, the maximum load for which it is to be used and when such foundation is deep enough not to be disturbed by frost. The pit is not less than five feet deep and is properly drained.

2. The platform is so arranged that any obstruction to its free movement can be easily detected.

3. All the beams, levers and other parts are of sufficient strength to carry the maximum load to which they will be respectively subjected without deflection.

4. The knife-edges are firmly and permanently fixed in the levers, have sufficient room to permit free oscillation, and are sufficiently firm.

5. The knife-edges and fulcrums of each set of levers are in the same plane.

6. The oscillations are sufficiently evident.

7. The weights used with the instrument are equal to the avoirdupois pound, or to multiples or authorized sub-multiples of the avoirdupois pound, or special weights for the barrel of flour or for the bushel of wheat, their actual weight and the weight or special quantity they are intended to indicate on the scale being plainly marked thereon.

8. The weights used as above are decimal sub-multiples, as $\frac{1}{10}$, $\frac{1}{100}$, $\frac{1}{1000}$, or binary sub-multiples of the load indicated by them.

9. There are no detached parts for the adjustment of the balance accessible, or so placed that they can be used for fraudulent weighing.

10. The apparatus weighs correctly with a maximum load, or any part thereof, placed in the centre of the platform, and with not less than fifty per cent of the maximum load placed at either end, or with not less than twenty-five per cent thereof at any one corner.

11. The maximum load which the apparatus is intended to weigh, the shop number and the maker's name are conspicuously cast, engraved or stamped on the beam.

WHEN WEIGH-BRIDGES, PLATFORM SCALES AND BALANCES WITH EQUAL AND UNEQUAL ARMS SHALL BE REJECTED.

Sec. 6. All these weighing machines will be rejected—

1. When with a full load and truly balanced, the addition or subtraction of the two thousandth part of the load for original verification and the one thousandth part thereof for subsequent verifications, does not cause the beam to touch the upper or lower part of the arc and remain there.

2. When the shop number, the maximum capacity and the maker's name are not legibly cast, engraved or stamped on them.

3. When the knife-edges and bearings are not made of hardened cast steel, chilled iron, agate or other hard substance not sufficiently hard to resist the action of a smooth file.

4. When unprovided with four check-rods to hold the bearings in place, excepting "Union Scales," which shall have two check-rods. (When constructed on the Howe principle, check-rods are not required.)

NOTE.—*The provisions of subsection 2 shall apply only to original verification.*

SPECIAL WEIGHING MACHINES.

Sec. 7. Weighing machines known as "Hydrostatic Balances," being such as are commonly used for determining the weight of coals delivered at the pit mouth, may be verified for use for such purposes, and also for weighing coals as delivered from vessels and barges, provided they give true indications within one two-hundredth part of the load.

1. Weighing machines known as "Perfection Scales," if manufactured in accordance with specifications deposited in Patent Office at Ottawa, may be admitted to verification when found to weigh correctly.

2. Weighing machines known as "Duplessis Portable Track Scales," used for determining the weight of cars on railway tracks, may be admitted to verification for use for such purposes, provided they give indications within one four-hundredth part of the load.

3. A weighing machine known as the "Household Scale," a balance with equal arms to carry a load above the fulcrums of not more than ten (10) pounds in each pan. In its construction and verification it must in every respect comply with the requirements of sec. 3, above. The words "Household Scale" must be engraved or stamped in bold legible letters of not less than one-fourth of an inch in height, on some conspicuous part of each scale so that at a glance its classification may be known.

4. The scale known as the "Household Scale," manufactured by Mr. D. Collins, Montreal, and having unequal arms, is also admitted to verification under the same conditions.

These scales shall be used for household purposes only. Should any such scale be found in use for trade purposes of any description it shall be seized and confiscated. The fee for the verification of the above described "Household Scales" shall be ten (10) cents for each scale.

5. The "Spafford Improved Platform Scale" when it complies with the requirements of section 5.

6. Computing scales, when they comply with the requirements of sections 2, 3 or 5, but the certificates issued shall only prove their correctness as weighing machines.

7. The "Troemner Ball Scale" with its special weights.

The inspection fee shall be the same as for platform scales.

8. Spring scales, commonly known as "Butchers' Scales" or "Market Scales," where it is not possible to engrave or stamp them, the shop number, maximum load and maker's name may be painted thereon. The shop number shall also be stamped or engraved on the pan or its supports.

The tolerated error for these scales, when weighing at their full capacity, shall not exceed one ounce.

Spring scales shall be presented for verification annually; and any such scales found in use more than twelve months after the first inspection or any succeeding verification thereof shall be confiscated.

9. "Suspension Scales" when they comply with the requirements of section 5—so far as applicable.

10. "The Parsell Truck Scale" when it complies with the requirements of section 5.

11. The Springer Torsion Balance.

The regulations and fees in so far as applicable, to be the same as for Equal Arm Balances, Sec. 3.

SPECIAL MEASURING MACHINES ADMITTED TO VERIFICATION.

Sec. 8. Salt carts, each to contain four imperial bushels, constructed, as to form and dimensions, in

accordance with plan or drawing of the same to be attached to weights and measures regulations, shall be admitted to verification.

2. Salt carts made in any other form or according to other dimensions than the foregoing will not be admitted to verification, and consequently their use for trade purposes will be held to be illegal.

3. The fee chargeable for verifying and stamping each salt cart shall be one dollar.

Victor Molasses Gate. Inspection fee 25c.

The Cylindrical Cloth Measure. Inspection fee 50c.

The S. F. Bowser Self-Measuring Pump—when due provision for sealing is made. Inspection fee 75c.

The C. T. Williams Improved Self-Measuring Pump. Inspection fee 50c.

Enterprise Measuring Faucet. Inspection fee 50c.

Enterprise Self-Measuring and Priming Pump—No. 197. Inspection fee 50c.

4. Owners of Molasses and Oil gates and pumps which have been approved by the Department, may legally use them for trade purposes until such time as the inspecting officers of the district in which they are in use, may on their irregular visits, or their regular periodical tours, be brought into their vicinity.

SEC. 9.—*Verification and stamping of weights, measures and weighing machines on the premises of the manufacturer, adjuster or repairer, and their removal thereform.*

1. The article shall bear the name of the maker, its capacity and consecutive shop-number whereby it may be designated for identification with the certificate of verification. These marks shall be cast, engraved or stamped. Printing or stencilling is prohibited.

2. The verification and stamping must take place before the articles are packed for removal, and at that state of completion at which they are finally adjusted by the manufacturer, adjuster or repairer, excepting weigh-bridges, hay scales or other dormant * weighing machines which cannot be verified until finally set up.

3. It shall be the duty of all manufacturers, importers and adjusters of weights, measures or weighing machines to notify the inspector of weights and measures for the district, of the shipment and destination of all weigh-bridges, hay scales or other dormant weighing machines which cannot be inspected until finally set up.

4. When scales are sent to factories or to adjusters for repairs, they must be reinspected after such repairs are made; but fees in addition to those of the regular biennial inspection shall not be charged. Special certificates shall be given in such cases informing the owners that the regular biennial reinspections are not in any way postponed by the issue of the intermediate certificate.

5. For the first verification and stamping of weights, measures and weighing machines at the place where they are manufactured, the fees may be paid at once, or payment may be postponed for such period not exceeding three months as the Minister of Inland Revenue may authorize, sufficient security being taken for the payment thereof at the time stated in the Departmental Regulations under which the delay is granted.

IMPORTATION OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

SEC. 10.—*Weights, measures and weighing machines imported into Canada are to be dealt with as follows:—*

1. The Collector of Customs at the port where such articles are imported will notify the inspector of weights and measures for the district of the entry for consumption of any weights, measures or weighing machines at his port, which notice shall state the number and description of such articles as are invoiced, and the names and residence of the parties to whom they are delivered.

2. So long as such articles remain in the original packages they may be removed from the custom-house or from a custom warehouse to the premises of the importer without inspection, but they shall not be taken into use for trade purposes without being first inspected and stamped.

FIRST INSPECTION OF DORMANT WEIGHING MACHINES, HAY SCALES, WEIGH-BRIDGES, &C.

SEC. 11. Owners of these scales may, after the same have been carefully set up on permanent foundations, and having in writing notified the Inspector, legally use them for trade purposes until such time as the inspecting officers of the district in which they are in use, may, on their *irregular* visits, or their regular periodical tours, be brought into their vicinity.

If it should occur, however, that any person owning one of these weighing machines should doubt its accuracy or desire its immediate inspection, he can, on application to the inspector of the district, have the same verified, on his agreeing in writing to pay all really necessary expenses attending the inspection.

LOOSE COUNTERPOISES OR THEIR EQUIVALENTS.

SEC. 12. No weighing machine having a "scoop on" or "scoop off" or similar contrivance shall be admitted to verification, and any now in use shall be so permanently fixed that the scale may be used with the scoop only, or without the scoop only.

SECOND OR SUBSEQUENT VERIFICATIONS OF WEIGHING MACHINES.

SEC. 13. No weighing machine duly inspected and stamped, shall be liable for reverification oftener than once in two years, excepting those used for elevators, railways, collieries, flouring mills (other than grist mills), cheese factories, grain warehouses, public markets, and for the weighing of coal which shall be inspected annually.

SPECIAL INSPECTION OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

SEC. 14. The owner or user of a weighing machine may demand its inspection at any time by paying therefor the fees and costs incurred.

NEW VARIETIES OF WEIGHTS, MEASURES AND WEIGHING MACHINES.

SEC. 15. No weights, measures or weighing machines other than those specified by this Order in Council shall be admitted to verification, unless a sample of the article for which admission is sought has been sent, free of charge, to the Commissioner of Standards at Ottawa, and authority for their use obtained.

REJECTION FEES—REJECTION LABELS.

SEC. 16. 1. When weights, measures or weighing machines presented for verification are palpably incorrect, it will be the inspector's duty to inform the owner of this fact, and instruct him to have such articles adjusted; and submitted to verification, after such adjustment has been made.

2. The unpleasantness to the owner of having to pay a rejection fee will thus, in the majority of cases, be obviated.

3. If any weight, measure or weighing machine be found incorrect and incapable of being made correct, it shall be seized and confiscated or destroyed,

4. If it be capable of being made correct, the owner or user shall be instructed to have it sent at once to the manufacturer or adjuster, and shall be warned that it must not be used until put into a state of proper repair, and the label prepared for that purpose shall be attached and sealed in such manner that the article cannot be used without destroying the label or breaking the wire fastening the seal.

5. If such rejected article be used before proper repairs are made, the inspecting officer shall proceed against the owner or user under section 25 of *The Weights and Measures Act.*

---

* The term "*dormant*," shall be understood to cover only such weighing machines as weigh-bridges, hay and track scales, or such weighing machines only as require to be placed on a specially prepared foundation.

3. When any iron weight is presented for verification, or when any such weight is found in use from which a soft metal plug has been lost, it shall not be adjusted or restamped until the hole in which the plug was inserted has been enlarged at the bottom, so that the expansion of the lead used for adjusting it will prevent its subsequently falling out.

Sailing Directions.—To enter Orwell river from Hillsborough bay, the Douse point range lights should be brought in one between McInnes and Belfast point, where mid-channel is marked by a cask buoy, and should be continued in one, N. E. by E. ½ E., until the black beacon and clump of spruce bushes on China point shoal are abeam on the port hand. At this point the course must be changed to N. by E. ½ E. until the red beacon on Douse point shoal is reached and the Brush wharf range lights are brought in one. The course on this range is E. ¾ S. to the wharf. The red beacon is left on the starboard hand at the turn.

This notice affects Admiralty charts Nos. 1,651, 1,738, and 2,034; St. Lawrence Pilot, Vol. II, 1895, page 159, and the substance of it should replace the particulars respecting light No. 363 in the Canadian List of Lights and Fog Signals.

NOTICE TO MARINERS.

No. 84 of 1898.

DOMINION OF CANADA—BRITISH COLUMBIA

I. LIGHTHOUSE ON THE SISTERS ROCKS.

A lighthouse, established by the Government of Canada, on the most easterly and largest of the three rocks forming the Sisters group, strait of Georgia, British Columbia, has been put in operation, replacing the day beacon formerly maintained on the same site.

Lat.	N.	49°	29'	3"
Long.	W.	124°	27'	34"

The lighthouse building consists of a rectangular wooden dwelling house with a square tower rising above the roof on its northwestern corner, surmounted by an octagonal wooden lantern. The building is painted white, the lantern red; the roof shingles are not painted. The height of the building from the masonry platform on which it stands to the ventilator on the lantern is 36 feet.

The light is a fixed white light, elevated 46 feet above high water, and should be visible 12 miles all around the horizon. The illuminating apparatus will be dioptric of the 7th order.

A bell, hung from a gable on the northeastern corner of the building, will be struck once every 30 seconds as a fog signal.

This notice affects Admiralty charts Nos. 579, 580 and 1917; British Columbia Pilot, 1898, page 210; and the substance of it should be entered in the Canadian List of Lights and Fog Signals under the No. 1191.

II. SHOALS IN CARRINGTON BAY.

The Commander-in-Chief of the Pacific station reports that the officers of H. M. S. "Pheasant" found, at the entrance to Carrington bay, Cortes island, between Vancouver island and the mainland, shoal water at a distance of 1½ cables from the southern shore.

Lat.	N.	50°	9'	0"
Long.	W.	125°	2'	5"

Ships should keep in mid-channel until Jane island is abeam, when the southern shore may be approached with safety. Off the northern shore of the bay several patches with less than 4 fathoms were found. The bottom in Carrington bay is very uneven.

This notice affects Admiralty chart No. 580, and British Columbia Pilot, 1898, page 236.

III. Disappearance of Maple bank beacon.

The Commander-in-Chief of the Pacific station also reports that the black beacon marking the shoal north of Maple bank, at the entrance to Baynes sound, east coast of Vancouver island, was not in its place on the 18th instant. This beacon will be replaced in position as soon as praticable.

This notice affects Admiralty chart No. 580, and British Columbia Pilot, 1898, page 200.

F. GOURDEAU,
Deputy-Minister of Marine and Fisheries.
Department of Marine and Fisheries,
Ottawa, Canada, 29th December, 1898.

☞ All bearings, unless otherwise noted, are magnetic and are given from seaward, miles are nautical miles, heights are above high water, and all depths are at mean low water.

Pilots, masters, or others interested are earnestly requested to send information of dangers, changes in aids to navigation, notices of new shoals or channels, errors in publications, or any other facts affecting the navigation of Canadian waters to the Chief Engineer, Department of Marine and Fisheries, Ottawa, Canada.

NOTICE TO MARINERS.

No. 82 of 1898.

DOMINION OF CANADA—BRITISH COLUMBIA.

I. New buoy in Sidney channel.

A steel buoy, painted red, has been moored in 7 fathoms, westward of the west shoal off Sidney spit, Sidney island, Sidney channel, off the south-east coast of Vancouver island.

Lat. N. 48° 37' 50"
Long. W. 123° 21' 23"

One hundred and fifty feet westward of the buoy the depth is 10 fathoms, deepening at once to 16 fathoms.

From the buoy the beacon on Sidney spit bears N. 20° W. (N. 4° E. true), distant 1¾ miles, and the north extreme of James islands, S. 41° W. (S. 65° W. true).

II. Change in colour of east buoy in Sidney channel.

The spar buoy moored on the east shoal, in the same locality, has been changed in colour to black, and must be left on the port hand by a vessel running with the flood and intending to take the channel between the east shoal and the spit. There is no safe passage between the two buoys.

III. Buoy removed from shoal off D'Arcy island.

The black spar buoy heretofore marking the eastern shoal patch westward of D'Arcy island, in the south entrance to Sidney channel, has been discontinued. The two patches which it marked have not less than 19½ feet water over them at low tide, which is greater than the draft of vessels using that channel. The buoy proved to be an obstruction to navigation

This notice affects Admiralty charts Nos. 2689 and 2840, and British Columbia Pilot, 1898, page 107.

F. GOURDEAU,
Deputy-Minister of Marine and Fisheries.
Department of Marine and Fisheries,
Ottawa, Canada, 17th December, 1898.

Lat. N. 48° 17' 10"
Long. W. 123° 31' 40"

The buoy is moored in 10 fathoms, E. ¾ S., (S. 59° E. true) 1¼ cables from the rock. From the buoy, Race rocks lighthouse bears N. 61° W., distant ½ mile, and William Head, N. 24½° W.

This notice affects Admiralty charts Nos. 1906, 1911, 1917, 2689 and 2840, and British Columbia Pilot, 1898, page 73.

II. Shoal in Mayor Channel.

Captain Walbran, master of the D. G. S. "Quadra," reports the existence of a shoal, on which a least depth of 4 fathoms was found, in Mayor channel, off the southeast coast of Vancouver island, nearly midway between Great Chain island and Thames shoal.

Lat. N. 48° 25' 0"
Long. W 123° 17' 10"

The patch is marked by kelp, which shows only at and near slack water.

This notice affects Admiralty charts Nos. 577, 2689 and 2840, and British Columbia Pilot, 1898, page 87.

JAPAN.

III. Kyoga-misaki Lighthouse.

Notice is given by the Government of Japan of the proposed establishment, on the 25th instant, of a first order white flashing light from a lighthouse recently erected at Kyoga-misaki, northern extremity of the province of Tango.

Lat. N. 35° 46' 46"
Long. W. 135° 13' 7"

The light will show triple flashes every 20 seconds over an arc of 238 degrees 15 minutes between the bearings of N. 75° 35' E. and N. 46° 10' W. The bearings are true and as observed from seaward.

The elevation of the light above the sea, will be 474 feet and, in clear weather, it will be visible 29 miles.

The lighthouse is built of stone, circular in plan ; it is painted white and is 29 feet 7 inches high from the base to the centre of the lantern.

ORDONNANCE No. 47 de 1898
(du 8 de juillet.)

Par laquelle la taxe commerciale est prélevée et certains pouvoirs concédés aux municipalités du département.

L'Assemblée départementale de Panama dans l'exercice de ses pouvoirs légaux :

Ordonne :—

Article 1.—Les personnes qui reçoivent des marchandises étrangères, pour être vendues, employées, ou consommées dans le département, sont sujettes à payer pour ces opérations une taxe de quinze pour cent (15 p. c.) en argent sur la valeur nette en or colombien des marchandises reçues à cette fin. La valeur en or sera calculée en la manière établie dans l'article 1 de l'Ordonnance No. 78 de 1894.

Les factures de marchandises provenant de pays où la base monétaire en force est l'argent, et qui pour ces raisons sont déclarées en cette monnaie, seront liquidées pour la perception du droit correspondant, sans intérêt de prime ou escompte, au même taux de quinze pour cent (15 p. c.) de sa valeur en argent colombien.

Article 2.—Toutes les municipalités du département sont autorisées de charger aux établissements commerciaux qui n'importent pas directement leurs marchandises de l'étranger, une taxe mensuelle qui n'excédera pas trente piastres—les taxes sont toujours stipulées en monnaie courante de la Colombie—($30), et sera d'au moins une piastre ($1.)

Article 2.—Annule la section 44 de l'article 1 de l'Ordonnance No. 70 de 1894, qui spécifie la " consommation des articles étrangers."

Article 4.—Autorise le gouverneur du département, dans certains cas, à concéder l'exemption de la taxe commerciale sur les effets reçus par les consuls résidents dans ce département, que ces effets soient pour leur bureau ou usage personnel, à la discrétion du gouverneur et lorsqu'il ne craint pas qu'il se fasse des opérations commerciales avec ces effets. Ceci est un acte de courtoisie et de déférence envers les représentants de nations amies qui sont sous le régime de service consulaire ; ceux qui s'occupent soit temporairement ou permanemment de transactions mercantiles ne peuvent jouir de ces privilèges.

Article 5.—Le même magistrat est autorisé, lorsqu'il le croit opportun pour les intérêts fiscaux, à établir des entrepôts en les cités de Panama, Colon et Bocas del Toro, pour la garde des marchandises qui, étant venues en transit ne continuent pas immédiatement à leur destination respective, et pour l'examen des chargements locaux.

Article 6.—Les taxes d'abattoirs et sur les porcs que les municipalités sont autorisées à établir, peut se monter à une piastre cinquante centins ($1.50) pour chaque tête de gros bétail, et à une piastre et trente centins pour chaque tête de petit bétail qui est abattue dans l'édifice destiné à cette fin.

Sont exceptés de la liste du petit bétail, les moutons et les chèvres, pour lesquels sera prélevé une piastre, et cinquante centins ($1), (50 centins) respectivement.

Article 7.—A part les taxes mentionnées dans l'article précédent, la municipalité peut percevoir la somme de trente centins pour chaque cochon ou mouton qui est admis dans l'étable à cochons et destiné à la consommation publique.

Article 8.—Sont abrogés par les termes de cette ordonnance, l'article 1, du décret du gouverneur n° 139*bis* de 1894, l'article 2 de l'ordonnance n° 24 de la même année, les articles 1 et 3 de l'ordonnance 70, aussi de 1894, et article 1 du n° 85 de 1896.

Donné à Panama le 8e jour de juillet 1898.

Signé, J. A. ARANGO J.

La fosse doit avoir au moins cinq pieds de profondeur, et être bien égouttée.

2. Le tablier ou plateforme doit être arrangé de telle manière que l'on puisse facilement découvrir tout obstacle qui en gêne les mouvements ;

3. Tous les fléaux, leviers et autres pièces, doivent avoir assez de force pour porter sans fléchir le maximum du poids dont ils seront respectivement chargés ;

Art. 6. Tous ces instruments de pesage seront rejetés—

1. Si, lorsque la balance porte le maximum de sa charge et est en équilibre parfait, l'addition ou l'enlèvement de la deux-millième partie de la charge pour la vérification originale et la millième partie de cette charge pour les vérifications subséquentes, ne force pas le fléau à toucher la partie supérieure ou inférieure de l'arc, et d'y rester.

2. Si le numéro de l'atelier, la capacité maximum et le nom du fabricant n'y sont pas distinctement coulés, gravés ou poinçonnés.

3. Si les arêtes des couteaux et des supports ne sont pas faits d'acier fondu trempé, de fer refroidi, d'agate ou d'autre substance qui n'est pas assez dure pour résister à l'action d'une lime douce.

NOTE.—*Les dispositions du paragraphe 2 ne s'appliqueront qu'à la vérification originale.*

MACHINES SPÉCIALES DE PESAGE.

Art. 7. Les instruments de pesage connus sous le nom de Balances hydrostatiques, et qui sont ordinairement employés à peser la houille à la sortie de la houillère, peuvent être vérifiés pour ces fins, et aussi pour le pesage de la houille à la sortie des bâtiments ou des barges, pourvu qu'ils soient justes dans la limite d'une tolérance de un deux-centième de leur charge.

1. Les balances dites *Perfection*, lorsqu'elles seront construites en conformité du devis déposé au bureau des brevets à Ottawa, pourront être admises à la vérification, si elles sont justes.

2. 3. L'instrument de pesage connu sous le nom de *Household Scale* (Balance de ménage), est une balance à bras égaux construite de façon à porter au-dessus des points d'appui une charge d'au plus dix (10) livres dans chaque plateau. Pour être admise à la vérification, cette balance doit être, dans sa construction, à tous égards, conforme aux conditions de l'art. 3 ci-dessus. Les mots *Household Scale*, doivent être gravés ou poinçonnés en lettres bien apparentes et bien lisibles d'au moins un quart de pouce de hauteur, sur quelque partie en évidence de chaque instrument, de façon qu'on puisse voir d'un coup-d'œil à quelle catégorie il appartient.

4. La balance appelée *Household Scale* fabriquée par Mr. D. Collins, Montréal, et ayant des bras inégaux, est aussi admise à la vérification aux mêmes conditions.

Ces balances ne seront employées que pour des fins de ménage, et s'il en est trouvé d'employées à des fins commerciales d'aucune sorte, l'agent du département les saisira et confisquera. Le droit de vérification pour la balance de ménage décrite ci-dessus sera de dix (10) centins.

5. La *Spafford Improved Platform Scale* lorsqu'elle est conforme aux exigences de l'article 5.

6. Les balances à computer, lorsqu'elles sont conformes aux dispositions des articles 2, 3 ou 5, mais les certificats délivrés n'établirout que leur exactitude comme instruments de pesage.

8. La "*Troemner Ball Scale*", avec ses poids spéciaux.

Le droit d'inspection sera le même que pour les balances-bascules.

8. Sur les balances à ressorts, communément appelées "balances de bouchers", lorsqu'il n'est pas possible de les graver ou de les poinçonner, le numéro de l'atelier, la charge maximum et le nom du fabricant peuvent être peinturés. Le numéro d'atelier sera aussi poinçonné ou gravé sur le plateau ou ses supports.

L'erreur tolérée pour ces balances, lorsqu'elles pèsent à leur pleine capacité, n'excèdera pas une once.

Les balances à ressorts seront présentées à la vérification annuellement, et toutes telles balances trouvées en usage plus que douze mois après la première inspection ou toute vérification subséquente d'icelles, seront confisquées.

10. La *Parsell Truck Scale*, lorsqu'elle est conforme à l'article 5.

11. La balance à torsion Springer.

Les règlements et les droits seront, autant que possible, les mêmes que pour les balances à bras égaux, art. 3.

Art. 8. Les charrettes à sel, contenant quatre boisseaux impériaux, construits, sous le rapport de la forme et des dimensions, selon le plan ou dessin attaché aux règlements des poids et mesures, seront admis à la vérification.

2. Les charrettes à sel d'autre forme ou d'autres dimensions que celles ci-dessus prescrites, ne seront pas admises à la vérification, et conséquemment leur usage dans le commerce sera considéré illégal.

3. Le droit exigible pour vérifier et poinçonner chaque charrette à sel sera d'une piastre.

Le robinet à mélasse Victor. Droit d'inspection, 25 cts.

Art. 9.— *Vérification et poinçonnage des poids, mesures et instruments de pesage, aux ateliers du fabricant, ajusteur ou réparateur, et leur sortie de ces ateliers.*

1. L'article portera le nom du fabricant, sa capacité et son numéro consécutif de fabrique qui permettent de le rapporter au certificat de vérification. Ces marques seront coulées, gravées ou poinçonnées. Il est défendu de les imprimer ou patronner.

2. Les articles devront être vérifiés et poinçonnés avant l'emballage pour la sortie des ateliers, et lorsqu'ils auront atteint le degré d'achèvement où le fabricant, l'ajusteur ou réparateur les ajuste finalement ; sauf les ponts à bascule, les balances à foin ou autres instruments de pesage dits *dormant** qui ne peuvent être vérifiés avant d'être montés finalement.

3. Il sera du devoir de tout fabricant, importateur et ajusteur de poids, mesures ou instruments de pesage de donner à l'inspecteur des poids et mesures du district, avis de l'envoi et destination de tout instrument de cette nature qui ne peut être inspecté avant d'être finalement monté.

4. Lorsque des balances sont envoyées à des ateliers ou à des ajusteurs pour être réparées, elles doivent être inspectées de nouveau après avoir été réparées ; mais il ne sera pas exigé de droits en sus de ceux de l'inspection régulière biennale. Des certificats spéciaux seront donnés dans ces cas avertissant les propriétaires que les inspections biennales régulières ne sont aucunement retardées par la livraison de ce certificat intermédiaire.

5. Pour la première vérification et premier poinçonnage des poids, mesures et instruments de pesage, sur les lieux de fabrication, les droits pourront être payés de suite, ou le paiement pourra en être remis à une époque que le ministre du Revenu de l'intérieur pourra fixer dans une limite de trois mois, pourvu qu'il soit donné une garantie suffisante du paiement de ces droits, à l'époque fixée par le règlement administratif en vertu duquel sera accordé le délai.

IMPORTATION DE POIDS, MESURES ET INSTRUMENTS DE PESAGE.

Art. 10.—*Les poids, mesures et instruments de pesage importés au Canada seront soumis aux règlements suivants :—*

1. Le percepteur du port où ces articles seront importés donnera à l'inspecteur du district avis des déclarations pour la consommation qui seront faites à son port relativement à des poids, mesures ou instruments de pesage ; et cet avis indiquera le nombre et la nature des articles portés au connaissement, et contiendra les noms et domiciles des personnes auxquelles ils auront été livrés.

2. Tant que ces articles resteront dans les colis primitifs ils peuvent être transportés de la douane ou d'un entrepôt de douane aux ateliers de l'importateur sans inspection, mais ils ne peuvent être employés dans le commerce sans avoir d'abord été inspectés et poinçonnés.

PREMIÈRE INSPECTION DES INSTRUMENTS DE PESAGE, BALANCES À FOIN, PONTS À BASCULE, ETC. DITS DORMANTS.

Art. 11. Les propriétaires de ces balances peuvent, après les avoir soigneusement montés sur des fondations permanentes, et en avoir donné avis par écrit à l'inspecteur, s'en servir légalement dans le commerce jusqu'à ce que les officiers inspecteurs du district où ils sont employés puissent les visiter.

Toutefois, s'il arrivait qu'une personne possédant un de ces instruments de pesage douterait de l'exactitude, ou désirerait son inspection immédiate, il peut, sur demande à l'inspecteur du district, le faire vérifier, en s'engageant par écrit à payer tous les frais nécessaires résultant de l'inspection.

CONTREPOIDS DÉTACHÉS OU LEURS ÉQUIVALENTS.

Art. 12. Aucun instrument de pesage ayant une écope fixe ou non ou autre accessoire semblable ne sera admis à la vérification, et tout instrument aujourd'hui en usage sera fixé si permanemment que la balance peut servir avec l'écope seulement, ou sans l'écope seulement.

DEUXIÈME RECTIFICATION OU VÉRIFICATION SUBSÉQUENTE DES INSTRUMENTS DE PESAGE.

Art. 13. Aucun instrument de pesage dûment inspecté et étalonné, ne sera assujéti à la revérification plus souvent qu'une fois dans deux ans, sauf ceux employés pour les élévateurs, chemins de fer, houillères, moulins à farine (autres que les moulins à moudre), les fabriques de fromage, les entrepôts de grain, les marchés publics, et pour peser le charbon, lesquels seront inspectés annuellement.

INSPECTION SPÉCIALE DE POIDS, MESURES ET INSTRUMENTS DE PESAGE.

Art. 14. Le propriétaire ou celui qui se sert d'un instrument de pesage pourra en tout demander son inspection en payant pour cela les droits et frais encourus.

NOUVELLES VARIÉTÉS DE POIDS, MESURES ET INSTRUMENTS DE PESAGE.

Art. 15. Aucun poids, mesures ou instruments de pesage, autres que ceux spécifiés par le présent arrêté en conseil, ne seront admis à la vérification, à moins qu'un échantillon de l'article qui fait le sujet de la demande ne soit envoyé, sans frais, au commissaire des étalons à Ottawa, et que leur usage soit autorisé.

DROITS DE REJET - ÉTIQUETTE DE REJET.

Art. 16. (1). Lorsque des poids, mesures ou instruments de pesage présentés à la vérification sont évidemment inexacts, il sera du devoir de l'inspecteur d'informer le propriétaire du fait, et de lui enjoindre de faire ajuster ces articles ; et de les soumettre à la vérification après tel ajustement.

2. Le désagrément, pour le propriétaire d'avoir à payer un droit de rejet sera ainsi, le plus souvent, évité.

3. Si un poids, une mesure ou un instrument de pesage est trouvé inexact, et incapable d'être mis exact, il sera saisi et confisqué, ou détruit.

4. S'il est impossible de le rendre exact, le propriétaire ou celui qui s'en sert sera enjoint de l'envoyer immédiatement au fabricant ou à l'ajusteur, et sera averti que cet instrument ne peut servir avant d'avoir été convenablement réparé, et l'étiquette préparée à cette fin sera attachée et scellée de manière que l'article ne puisse être utilisé sans détruire l'étiquette ou briser le fil métallique qui assujétit le sceau.

---

* Le terme *Dormant Scales* ne comprendra que les ponts à bascule, les balances à foin, à chemin de fer, et autres instruments de pesage qui demandent à reposer sur des fondations préparées spécialement.

5. Si l'article rejeté est utilisé avant que les réparations convenables ne soient faites, l'officier inspecteur poursuivra le propriétaire ou celui qui s'en sert en vertu de l'article 25 de l'*Acte des poids et mesures.*

Bloc rectangulaire, avec anneau ou poignée venue à la coulée.

De 5 livres en diminuant jusqu'à ½-drachme. Toute forme décrite ci-dessus ; aussi, disques plats emboîtant les uns dans les autres.

Un poids de 60 livres pour le boisseau de blé, d'une forme suffisamment différente des autres formes décrites dans le présent tableau pour empêcher qu'il puisse être pris par erreur pour un autre poids.

Grains.

De 1,000 grains en diminuant jusqu'à 10 grains, cylindriques, avec une petite tige et un bouton.

Six grains et au-dessous : Fil de platine ou d'aluminium plié de manière à représenter le nombre de grains ou de fractions décimales d'un grain.

Dans tous les cas la dénomination des poids, lorsqu'ils sont de grandeur suffisante, doit être coulée, gravée ou poinçonnee sur chacun d'eux, en chiffres lisibles et de grandeur proportionnée à celle du poids.

Poids troy.

De 500 onces en diminuant jusqu'à 1 once. Cône tronqué, avec bouton.

De 5 onces en diminuant jusqu'à ·001 onces, lames carrees plates.

La dénomination doit être gravée ou poinçonnée sur le sommet du bouton, en chiffres d'une grandeur proportionnée à celle de chaque poids, et sur la face des poids de moindre volume.

POIDS DE FER.

1. Nul nouveau poids de fer ne sera admis à la vérification à moins qu'il n'ait qu'un seul tampon de métal mou, qui sera enfoncé d'un huitième de pouce au mois au-dessous de la surface.

2. Tous les poids de fer pour les balances-bascules, d'une demi-livre au moins, auront une épaisseur d'un demi-pouce au moins.

3. Lorsqu'un poids de fer est présenté à la vérification, ou lorsqu'un tel poids est trouvé en usage, dont le tampon de métal mou est perdu, il ne sera pas ajusté au repoinçonné avant que la cavité dans laquelle le tampon était fixé n'ait été agrandie dans le fond, de façon que l'expansion du plomb employé pour l'ajuster l'empêchera de sortir subséquemment.

4. Dans tous les poids de fer l'ouverture pour recevoir ce tampon de plomb sera de la grandeur uniforme de ⅜ d'un pouce de diamètre, si possible.

HOTEL DU GOUVERNEMENT À OTTAWA.

Samedi, le 17e jour de décembre 1898.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

IL plaît à Son Excellence, en vertu des dispositions de l'article 50 du chapitre 101 des Statuts Revisés du Canada, intitulé : "Acte d'inspection du gaz," et par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner et il est par le présent ordonné que les règlements faits et établis par arrêté en conseil du 9e jour de janvier 1889, chapitre 46 des Arrêtés en conseil refondus du Canada, tels que modifiés par l'arrêté en conseil du 7 de mars 1892, soient et ils sont par le présent cancellés et remplacés par ce qui suit.

JOHN J. McGEE,
Greffier du Conseil privé.

RÈGLEMENTS CONCERNANT LA VÉRIFICATION ET L'ÉPREUVE DU GAZ ET DES GAZOMÈTRES.

1. Des copies de tous modèles déposés au département du Revenu de l'Intérieur, et légalisées par l'arrêté en conseil du 15 décembre 1874, ayant été vérifiées sous le contrôle du ministre du Revenu de l'Intérieur, ces copies seront à l'avenir appelées "étalons locaux pour le gaz," et un assortiment suffisant de ces étalons sera placé aux endroits qui seront nécessaires pour l'exécution des dispositions de l'*Acte d'inspection du gaz*, dans des bureaux convenables ouverts à cette fin.

2. Les "étalons locaux pour le gaz" seront confiés à des inspecteurs dûment nommés, qui en seront responsables et en auront la seule possession ; et il ne sera permis à personne—sauf ceux qui sont dûment autorisés à cet effet—d'avoir accès aux dits "étalons locaux pour le gaz" ou de s'en servir.

3. Chaque fois qu'il y a raison de supposer que quelques-uns de ces étalons sont devenus inexacts—chose dont l'inspecteur du gaz ou quelque officier supérieur du département du Revenu de l'Intérieur sera le seul juge—ces étalons seront éprouvés par des instruments portatifs désignés par les règlements administratifs, ou les étalons supposés être défectueux pourront, si le département du Revenu de l'Intérieur le trouve nécessaire, transportés à Ottawa et vérifiés d'après les modèles originaux.

4. Lorsque ces gazomètres ont été vérifiés et trouvés exacts dans les limites de l'erreur tolérée par le statut, l'inspecteur ou député inspecteur y apposera un sceau, lequel sera de cire portant telle devise que détermineront les règlements administratifs.

5. En vertu de l'autorité de l'*Acte d'inspection du gaz*, art. 28, par. 3, il est déclaré que le soufre dans le gaz sera réputé excéder la tolérance réglementaire lorsqu'il se trouve en plus grande quantité que 35 grains dans cent pied cubes de gaz, et que l'ammoniaque sera réputé excéder la tolérance réglementaire lorsque la quantité trouvée est plus grande que quatre grains dans cent pied cubes de gaz.

6. Les formules dans l'annexe A 1, A 2, et A 3, serviront pour accorder des certificats concernant la vérification des gazomètres et l'épreuve du gaz, et nul certificat ne sera valable s'il n'est pas donné dans la forme autorisée par le présent, ni à moins que des timbres représentant les honoraires prescrits pour un tel certificat n'y soient attachés et annulés conformément aux règlements administratifs alors en vigueur.

7. L'annexe B attachée au présent est une échelle des honoraires qui seront payés pour la vérification des gazomètres et l'épreuve du gaz, et les honoraires payables simplement pour éprouver ou vérifier les gazomètres seront payables que ces gazomètres soient étampés ou rejetés.

8. L'annexe C est une table d'honoraires payables par les compagnies de gaz pour des certificats que les inspecteurs officiels leur délivreront, et que les compagnies feront connaître tel que le veut l'article 36 et les paragraphes 2 et 3 du dit article de l'*Acte d'inspection du gaz*.

QUARTIER GÉNÉRAL
Ottawa, 1er janvier 1899.

O. G. 1.

AIDES DE CAMP HONORAIRES ET EXTRA DE SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL.

AIDES DE CAMP HONORAIRES.

Dans le but de conférer une distinction à des officiers choisis de la Milice canadienne, la nomination d'aides de camp honoraires de Son Excellence sera, autant que possible, semblable à celle d'aide de camp de la Reine :

A cette fin les règlements suivants deviendront en vigueur :

(1.) Il n'y aura que les officiers du grade de colonel ou de lieutenant-colonel qui pourront été nommés aides de camp honoraires, mais dans quelques cas exceptionnels des officiers en retraite pourront être choisis.

(2.) Son Excellence nommera des aides de camp honoraires pour sa durée de charge, après quoi leurs nominations expireront.

(3.) Les noms des aides de camp honoraires seront imprimés sur le Contrôle de la Milice sous l'en-tête de "Aides de camp honoraires de Son Excellence," et la nomination sera entièrement distincte de celle d'aides de camp extra, ou personnels de Son Excellence, dont les noms seront imprimés sur une liste à part.

(4.) Les aides de camp honoraires porteront l'aiguillette *d'or* sur l'*épaule droite*.

(5.) Lors des cérémonies d'Etat, les aides de camp honoraires recevront leurs instructions du secrétaire militaire, qui tiendra un rôle à cette fin.

(6.) Vu que les aides de camp honoraires pourraient être appelés d'une distance considérable pour assister à une cérémonie d'Etat leurs frais de voyage seront alloués.

AIDES DE CAMP EXTRA.

(1.) Son Excellence a le pouvoir de nommer des aides de camp extra sans distinction de grade. Ces aides de camp seront nommés dans le but d'accompagner Son Excellence dans sa visite aux diverses provinces, si c'est nécessaire.

(2.) Ces officiers seront nommés par Son Excellence pour sa durée d'office. Après quoi leurs nominations expireront. Ils porteront l'aiguillette *rouge et or* (tel que l'état-major général), mais sur l'*épaule droite*.

DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règle spéciale du Sénat.

49. (*c.*) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

Règles additionnelles de la Chambre des Communes concernant les bills privés.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir:—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos "Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Règle spéciale du Sénat.

49. (*c*.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

Règles additionnelles de la Chambre des Communes concernant les bills privés.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b*. Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière ; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait ;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

ORDRE SPÉCIAL DE LA CHAMBRE DES COMMUNES.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir :—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session ; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

GENERAL ORDERS.

1899.

HEAD-QUARTERS,
OTTAWA, 1st February, 1899.

REGULATIONS AND ORDERS FOR THE MILITIA, 1887.

G. O. 10.

MILITARY INSTRUCTION.

The Regulations and Orders for the Militia, Canada, 1887, are amended as follows :—Para. 1051, line 4, for "three months" *read* "two months". Para. 1065, for "three months" *read* "two months." The following order will be added to Para. 1051 as 1051*a*, *b* and *c*.

SCHOOLS OF INSTRUCTION.

Short Course

1051*a*. Many Officers find it difficult to leave their occupations for the purpose of attending the Schools of Instruction for so long a period as three months.

It has also been proved that the present system does not admit of the Troops forming the Instructional Corps having time for their own Training and Instruction during the year.

The three months "Short Course" of Instruction will therefore be reduced to two months.

In the case of Officers, an elementary knowledge of drill will, however, be required on joining, and a more advanced Syllabus of Instruction for Officers will be carried out.

Officers applying to attend will accordingly be required to have mastered the elementary part of their drill, viz. :—

For Cavalry.—Up to and including Part 2, Cavalry Drill, 1898.

For Field Artillery.—Up to and including Part 2, and including Standing Gun Drill.

For Garrison Artillery.—As for Infantry, and including Standing Gun Drill.

For Infantry.—Up to and including Part 2, Infantry Drill, 1896.

Officers will be examined upon their arrival by a Special Board, detailed in Militia Orders.

N. C. Officers and men joining this "Short Course" will be instructed as heretofore but with the amended Syllabus of Instruction.

Cadet Course.

1051*b*.—In order to give Officers and others an opportunity of acquiring a thorough knowledge of the elementary drill referred to in Para. *a*, there will be a "Cadets Course" of one month, which will be conducted concurrently with the two months "Short Course" above laid down. This course will closely follow the lines of the "Recruit Officers Squad Training" in the Imperial Service.

The course will consist of one calender month, and will be open to Officers, N. C. Officers and men who are aspirants to commissions, or to holding higher non-commissioned rank. DEMANDES AU PARLEMENT.

Règles *in re* Avis de bills privés.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé."

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

Greffier du Sénat.

49. (*c.*) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

Ordre permanent.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Memorandum, dated 14th December, 1898, from the Minister of the Interior, stating that he has received an application from William J. Friday, the 13th day of January, 1899.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 5th December, 1898, from the Minister of the Interior, stating that Robert John Kerr squatted some years ago upon the north-west quarter of Section 35, Township 4, Range 29 west of the 4th meridian, which land has been scheduled to the Calgary and Edmonton Railway Company as a portion of that company's land grant, and assigned by them to the Calgary and Edmonton Land Company, Limited. Mr. Kerr is desirous of making homestead entry for this quarter-section and of purchasing from the railway company the north-east quarter of Section 34 in the same Township.

The Minister further states that the last mentioned land is vacant and available, with the exception of Legal Subdivisions 10 and 15 which were included in a schedule of lands reserved for stock-watering purposes by Order in Council of the 21st September, 1897.

The Minister recommends, in order to carry out Mr. Kerr's wishes, that Legal Subdivisions 10 and 15 in the said Section 34 be withdrawn from the list of reserves for stock watering, and the south-west quarter of the same section substituted therefor; that the north-east quarter of Section 34 be granted to the Calgary and Edmonton Land Company, Limited, as a portion of the land grant to the Calgary and Edmonton Railway Company, on the former mentioned company filing here a satisfactory Quit-Claim Deed vesting the said north-west quarter of Section 35 in Her Majesty Queen Victoria in order that the same may be homesteaded by Robert John Kerr.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE,

Vendredi, le 13e jour de janvier 1899.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

CONSIDÉRANT que les règlements pour l'émission de baux pour draguer des minéraux dans les lits submergés de rivières au Manitoba et les Territoires du Nord-Ouest, établis par l'arrêté en conseil du 21 de juillet 1897, tel que modifié, déclare qu'un locataire placera une drague sur chaque cinq milles loués, et paiera une rente annuelle de $50 pour chaque drague ;

Et considérant que des personnes qui ont acquis des baux sur la rivière Saskatchewan et la rivière de la Paix en vertu des règlements, et qui ont aussi acquis par cession les baux adjoignant les leurs, ont demandé qu'il leur soit accordé les mêmes privilèges que ceux accordés aux personnes qui tiennent des baux pour draguer des minéraux dans les lits de rivières dans le territoire du Yukon, c'est-à-dire, qu'il leur soit permis de placer une drague sur chaque quinze milles tenus à bail ; et que des mineurs de mines alluviales n'aient pas la liberté de construire des digues en aile dans une rivière de manière à nuire aux opérations d'une drague,—

A ces causes il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner comme suit :—

L'article 5 des règlements du 21 juillet 1897, concernant l'émission de baux pour draguer des minéraux dans les lits submergés de rivières au Manitoba et les Territoires du Nord-Ouest, sera modifié de manière à se lire comme suit :—

" Le locataire aura au moins une drague en opération sur les cinq milles de la rivière qui lui est louée, sous une saison depuis la date de son bail, et si, durant une saison où des opérations peuvent être faites il manque de l'exploiter efficacement à la satisfaction du ministre de l'Intérieur, le bail deviendra nul et non avenu à moins que le ministre de l'Intérieur ne décide autrement. Pourvu que lorsqu'une compagnie ou un individu a obtenu plus qu'un bail, une drague par chaque quinze milles, ou fraction de quinze milles suffira pour être en conformité du présent règlement."

La première sentence de l'article 6 sera modifiée de manière à se lire comme suit :—

" Le locataire paiera une rente de $10 par année pour chaque mille de rivière qui lui est loué, cette rente sera payable d'avance, et commencera à courir depuis la date à laquelle le bail est émis."

Le proviso suivant sera ajouté à l'article 8 des dits règlements :—

" Pourvu qu'il ne sera pas loisible à cette personne de construire une digue en aile en dedans de mille pieds de l'endroit où une drague est en opération, ni obstruer ou gêner de quelque manière l'opération d'une drague quelconque."

Les dispositions qui précèdent s'appliqueront à tous les baux qui ont été émis antérieurement, et qui seront émis subséquemment à la date du présent.

33–4 Greffier du Conseil privé.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que l'article 17 des règlements régissant l'octroi de licences annuelles sur les terres fédérales dans le Manitoba, les Territoires du Nord-Ouest et dans la zone du chemin de fer en la Colombie Britannique, établis par arrêté en conseil du 1er de juillet 1898, déclare que le ministre de l'Intérieur peut, à sa discrétion, accorder des permis dans le Manitoba et les Territoires du Nord-Ouest aux propriétaires de scieries pour couper du bois sur une étendue de terre clairement décrite, n'excédant pas cinquante mille carrés en superficie, en payant à la couronne des droits au taux de cinquante centins par mille pieds de bois scié, et une autre somme de cinquante centins par mille pieds au lieu de boni et de rente foncière, tous les autres produits de manufacture étant payés à des taux fixés par l'article 11, par. *a* ; et que des permis de cette catégorie deviendront nuls et non avenus si le permissionnaire n'exploitait pas sur la coupe décrite une étendue raisonnable pendant la durée du permis ;

Et attendu qu'il a été constaté que la disposition ci-dessus mentionnée ne fonctionne pas avec satisfaction,—

A ces causes, il plaît à Son Excellence, par et avec l'avis du Conseil privé de la Reine pour le Canada, d'ordonner que les dits règlements du 1er juillet 1898, soient modifiés en rescindant la clause 17, et elle est par le présent rescindee.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR un rapport, daté le 27 de décembre 1898, du ministre de l'Intérieur et Surintendant général des affaires des Sauvages, soumettant,—

1° Que par l'arrêté en conseil du 6 d'octobre 1898, la section 35, dans le township 11, rang 29 ouest du 1er méridien, a été mise à part pour les fins de l'école d'industrie à Elkhorn, dans la province du Manitoba ;

2° Que le Commissaire des Sauvages, agissant de concert avec les autorités scolaires, s'est entendu avec Mr. William J. Wilcox, du village de Virden, dans la province du Manitoba, à l'effet d'échanger la dite section 35 pour des terres que le dit Commissaire et dites autorités scolaires jugent plus propres aux fins de l'école, lesquelles terres peuvent être décrites comme suit :—Le quart sud-est de la section 5, dans le township 12, rang 28, ouest du 1er méridien, et le quart sud-ouest de la section 4 des mêmes township et rang, sauf et excepté les quatre acres et un cinquième de terre compris dans le droit de passage du chemin de fer Canadien du Pacifique ;

ORDRES GÉNÉRAUX.

1899.

QUARTIER GÉNÉRAL
Ottawa, 1er février 1899.

RÈGLEMENTS ET ORDRES DE LA MILICE, 1887.

—

O. G. 10.

INSTRUCTION MILITAIRE.

Les Règlements et Ordres de la Milice, Canada, 1887, sont modifiés comme suit :—Par. 1051, ligne 4, au lieu de "trois mois," *lisez* "deux mois." Par. 1865, *au lieu de* "trois" *lisez* "deux mois." L'ordre suivant sera ajouté au par. 1051 comme 1051 *a*, *b*, et *c*.

ECOLES D'INSTRUCTION.

Cours abrégé.

1051*a*. Nombre d'officiers trouvent difficile de quitter leurs occupations pour assister aux écoles d'instruction pendant aussi longtemps que trois mois.

Il a aussi été démontré que le système actuel ne donne pas aux troupes qui forment le corps enseignant le temps de s'occuper de leur propre instruction pendant l'année.

Le cours d'instruction de trois mois sera donc réduit à deux mois.

Dans le cas d'officiers, une connaissance élémentaire de l'exercice sera toutefois exigée à leur entrée, et un programme d'instruction plus avancée pour les officiers sera suivi.

Les officiers qui demanderont à être admis seront tenus de connaître la partie élémentaire de leur exercice, savoir :—

Pour la cavalerie.—Jusqu'à et y compris la partie 2 du *Cavalry Drill*, 1898.

Pour l'artillerie de campagne.—Jusqu'à et y compris la partie 2, et aussi le *Standing Gun Drill*.

Pour l'artillerie de place.—Comme pour l'infanterie, et y compris le *Standing Gun Drill*.

Pour l'infanterie.—Jusqu'à et y compris la partie 2, de l'*Infantry Drill*, 1896.

A leur arrivée les officiers seront examinés par un conseil spécial désigné dans les Ordres de la Milice.

Les sous-officiers et soldats qui suivront ce cours abrégé seront instruits comme auparavant, mais d'après le résumé d'instruction modifié.

Cours des élèves.

1051*b*.—Afin de donner aux officiers et autres une occasion d'acquérir une connaissance parfaite de l'exercice élémentaire mentionné au par. *a*, il y aura un "cours des élèves," qui durera un mois, et sera conduit concurremment avec le "cours abrégé" de deux mois établi plus haut. Ce cours sera en tous points semblable au *Recruit Officers Squad Training*, dans le service impérial.

Le cours durera un mois de calendrier, et sera ouvert aux officiers, sous-officiers et soldats qui aspirent à des commissions, ou qui désirent atteindre un grade plus élevé de sous-officier. Les membres de la milice, qui ont la permission de suivre ce cours, recevront des allocations comme suit :—Les officiers, selon les par. 1051 et 1065, R. et O. 1887, et les sous-officiers et soldats, 50 centins par jour lorsqu'ils sont logés dans les casernes, ou 75 centins par jour dans l'entente qu'ils se nourriront et logeront à leurs frais.

Les noms des officiers et autres qui auront passé ce cours seront publiés dans les Ordres de la Milice.

1051*c*.—Les officiers qui suivent le cours abrégé de deux mois, et que le conseil spécial trouve défectueux dans la connaissance de l'exercice élémentaire seront relégués au "cours des élèves", et seront tenus de suivre et de passer un "cours abrégé" subséquent avant de recevoir un certificat d'officiers.

(1). La création d'une division de santé formant un des départements administratifs nécessaires d'une armée, est projetée.

(2). Comme préliminaire du développement du contingent régimentaire d'un service de santé, une section de brancardiers sera formée dans chacun des bataillons urbains d'infanterie, conformément aux " Règlements concernant les services de santé de l'armée," et le "Manuel pour le personnel du service de santé." Un examen aura lieu à la fin du cours, alors que les hommes requis pour emploi comme brancardiers seront choisis, et leurs noms portés aux ordres régimentaires. Un certificat spécial sera délivré à tous les hommes qui passeront un examen satisfaisant conformément à une formule autorisée.

(4). Les officiers commandant des districts feront pour le 15 février un rapport des mesures prises par les officiers commandant des bataillons pour le renseignement de l'officier général commandant, et fixeront la date de la formation du cours d'instruction dans chaque régiment, et le nombre des volontaires qui s'offrent à y assister.

(5). L'attention des médecins militaires régimentaires est attirée sur une minute spéciale du directeur général, délivrée avec le présent, contenant des instructions pour leur gouverne.

DEMANDES AU PARLEMENT.

RÈGLES *in re* AVIS DE BILLS PRIVÉS.

Dans le cas de toute demande de bills privés, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, ayant pour objet la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, ou le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société ; ou ayant pour objet quelque amendement à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande (sauf s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part est nécessaire et doit être publié comme il suit :—

Dans les provinces de Québec et du Manitoba.

Dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français, du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district ; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces ou territoires.

Dans la *Gazette du Canada*, et dans un journal du comté, du district ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal alors la publication doit se faire dans un journal du comté ou district le plus voisin où il s'en publie. La publication de ces avis durera, dans chaque cas, la période de deux mois au moins pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Des exemplaires marqués de tous les numéros des journaux reproduisant la première et la dernière insertion de l'avis, devront être transmis au greffier de chaque Chambre, et porter à l'endos " Demande de bill privé "

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, les pétitionnaires devront aussi, en même temps et de la même manière, donner avis du taux de péages projeté, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piles pour le passage des radeaux et des navires ; et, si c'est un pont mobile, quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours au moins qui précéderont l'ouverture du parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Après la seconde lecture et avant la prise en considération du bill par tout comité, le pétitionnaire aura aussi à payer au greffier du Sénat, ou au comptable de la Chambre des Communes (selon le cas) un honoraire de $200, plus une somme suffisante pour défrayer le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé.

L'honoraire de $200 payable sur tout bill privé, ne sera payé que dans la Chambre où ce bill a pris naissance ; mais les frais de réimpression et de traduction nécessités par ce bill seront payés dans la Chambre où ces frais sont encourus.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par le Sénat ou par la Chambre des Communes, après les premières trois semaines de la session.

Aucun bill privé ne pourra être présenté au Sénat ou à la Chambre des Communes après les premières quatre semaines de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

RÈGLE SPÉCIALE DU SÉNAT.

49. (*c*.) Chaque fois qu'un bill doit opérer dans plus d'une province, territoire ou district, l'avis sera publié dans la *Gazette du Canada* et dans un journal bien établi publié dans chaque province, territoire ou district où le bill doit opérer.

ORDRE PERMANENT.

Lorsqu'un bill confirmant un bail, une convention ou toute autre espèce de contrat, sera reçu ou présenté au Sénat, ce bail, cette convention ou cette autre espèce de contrat sera exposé dans un appendice ou autrement.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

RÈGLES ADDITIONNELLES DE LA CHAMBRE DES COMMUNES CONCERNANT LES BILLS PRIVÉS.

Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills ; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails ; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général ; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

51*a*. Tous les bills privés pour chartes ou pour modification de chartes de compagnies de chemins de fer seront rédigés conformément au bill-modèle dont copie peut être obtenue du greffier de la Chambre ;

(*a*.) Les dispositions contenues dans un bill quelconque qui ne seront pas conformes au bill-modèle, seront insérées entre crochets, et après avoir été revisées par l'officier compétent, elles seront imprimées ainsi ; et les bills qui ne seront pas rédigés en conformité de cette règle seront renvoyés aux auteurs pour être remodelés avant leur revision et impression ;

(*b.*) Toutes clauses d'actes existants que l'on proposera de modifier, seront imprimées en entier, avec les amendements insérés en leur lieu et place, et entre crochets;

(*c.*) Toutes dispositions exceptionnelles que l'on proposera d'insérer dans un bill quelconque, seront imprimées dans l'avis publié.

51*b.* Nul bill pour la constitution légale d'une compagnie de chemin de fer ou pour changer le tracé du chemin de fer d'une compagnie déjà constituée ne sera pris en considération par le comité des chemins de fer à moins qu'il n'ait été donné au comité, au moins une semaine avant la prise en considération du bill—

(*a.*) Une carte ou plan à l'échelle de pas moins d'un demi-pouce au mille, indiquant le territoire sur lequel l'on se propose de construire les travaux projetés, ainsi que les lignes de travaux analogues existants ou autorisés, dans les limites du district, ou partie du district que la ligne projetée doit desservir, ou affectant le dit district en aucune manière; cette carte ou plan devra être signé par l'ingénieur ou toute autre personne qui l'aura fait;

(*b.*) Un exhibit faisant connaître le montant total du capital que l'on se propose de prélever pour les fins de l'entreprise, et la manière dont on se propose de le prélever, soit au moyen d'actions ordinaires, obligations, débentures ou autres garanties, et le montant respectif de chacune.

JOHN GEORGE BOURINOT,
Greffier des Communes.

Ordre spécial de la Chambre des Communes.

Résolu,—Que le greffier de la Chambre adresse une copie de la Règle 49 modifiée aux personnes qui signifient dans la *Gazette du Canada* leur intention de s'adresser au parlement pour la passation d'un bill privé, ainsi qu'un avis portant que la dite Règle sera strictement appliquée à l'avenir:—

49. Les pétitions pour bills privés ne seront reçues par la Chambre que pendant les trois premières semaines de la session, et les bills privés ne pourront être présentés à la Chambre que pendant les quatre premières semaines de la session; et tout comité auquel aura été renvoyé un bill privé devra le prendre en considération et en faire rapport à la Chambre avec toute la diligence convenable.

2. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être considérées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés."

JOHN GEORGE BOURINOT,
Greffier des Communes.

Substance des règles et formes de procéder du Sénat concernant les bills de divorce.

L'époux qui a l'intention de demander un bill de divorce doit faire connaître cette intention, ainsi que les noms de l'autre époux et la cause du divorce, par avis inséré durant six mois avant la présentation de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux du district où il avait sa résidence habituelle à l'époque de séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Colombie-Britannique, ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; mais si ce nombre de journaux ne s'y trouve pas, l'avis sera publié dans le district, le comté ou les comtés-unis voisins. Dans les provinces de Québec et de Manitoba, les insertions seront faites dans un journal anglais et un journal français, s'il en existe des deux langues dans le district: autrement, elles se feront en anglais et en français au même journal.

Il doit être signifié, à la diligence de l'époux pétitionnaire, un mois au moins avant la présentation de la pétition, une copie de cet avis à l'autre époux en personne, si cela est possible.

Aucune pétition en divorce n'est reçue après l'expiration des trente premiers jours de la session.

Toute pétition en divorce devra être écrite lisiblement et porter la signature du pétitionnaire. Elle énoncera sommairement le fait du mariage, le lieu et l'époque de sa célébration, les noms du célébrant, les griefs qui donnent lieu à la demande de redressement et la nature du redressement demandé, et en outre contiendra assurance qu'il n'y a pas eu réconciliation, collusion ni connivence. Les allégations de la pétition seront appuyées de la déclaration du pétitionnaire faite en vertu de "l'Acte de la preuve en Canada, 1893."

Huit jours avant l'ouverture du Parlement, le pétitionnaire déposera au bureau du greffier du Sénat, une copie en langue anglaise ou française du bill de divorce qui doit être présenté, et en même temps une somme suffisante pour payer la traduction et l'impression et tirage à 600 exemplaires anglais et 200 exemplaires français de ce bill.

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON a Memorandum, dated 15th December, 1898, from the Minister of the Interior, stating that he has received an application from Mr. John Lineham to be allowed to purchase the following lands at the rate of $1.00 per acre, under the Irrigation System, namely :— Section 25, Township 19, Range 4 west of the 5th Meridian; the east half of Section 32, the north-west quarter of Section 34, and the north-west quarter of Section 30, all in Township 19, Range 3 west of the 5th Meridian.

The Minister recommends, as the total area of these lands is in excess of that permitted by The Dominion Lands Act to be sold to any one person, that he be authorized to sell the said lands to Mr. John Lineham at the rate of $1.00 per acre, under the Irrigation System, conditionally on his filing in the Department of the Interior the necessary plans and memorial in connection with his irrigation scheme within sixty days from this date, and also on his obtaining, under The North-west Irrigation Act, a license to divert water to irrigate the lands in question, such sale, however, to be subject to the following reservations, namely:—

In the east half of said Section 32, the whole of Legal Subdivisions 1 and 2, and the southerly 14.25 chains of Legal Subdivisions 7 and 8 to be reserved, the same being a portion of the School Endowment; and in the north-west quarter of said Section 30, whatever area may be required for the right of way of an irrigation ditch constructed by Mr. Samuel Howe and heading in Macabee Creek in this quarter-section. PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

On a Report, dated 5th December, 1898, from the Minister of the Interior, stating that Robert John Kerr squatted some years ago upon the north-west quarter of Section 35, Township 4, Range 29 west of the 4th meridian, which land has been scheduled to the Calgary and Edmonton Railway Company as a portion of that company's land grant, and assigned by them to the Calgary and Edmonton Land Company, Limited. Mr. Kerr is desirous of making homestead entry for this quarter-section and of purchasing from the railway company the north-east quarter of Section 34 in the same Township.

The Minister further states that the last mentioned land is vacant and available, with the exception of Legal Subdivisions 10 and 15 which were included in a schedule of lands reserved for stock-watering purposes by Order in Council of the 21st September, 1897.

The Minister recommends, in order to carry out Mr. Kerr's wishes, that Legal Subdivisions 10 and 15 in the said Section 34 be withdrawn from the list of reserves for stock watering, and the south-west quarter of the same section substituted therefor; that the north-east quarter of Section 34 be granted to the Calgary and Edmonton Land Company, Limited, as a portion of the land grant to the Calgary and Edmonton Railway Company, on the former mentioned company filing here a satisfactory Quit-Claim Deed vesting the said north-west quarter of Section 35 in Her Majesty Queen Victoria in order that the same may be homesteaded by Robert John Kerr.

The Committee submit the same for Your Excellency's approval.

The Minister further states that the lands applied for are vacant and available, and adjoin Lot 824, Group 1, in the said Township, which is owned by Mr. Roper; but as he has already purchased from the Dominion Government more than the stipulated area of 640 acres, as provided in the Regulations for the disposal of lands in the Railway Belt in British Columbia, the Minister recommends that he be authorized to sell the above mentioned parcels of land to William J. Roper at the regulation price of $5.00 per acre on the usual terms for the sale of Dominion Lands.

And whereas application has been made by persons who acquired leaseholds on the North Saskatchewan River and the Peace River under the Regulations, and who have also acquired by assignment the leaseholds adjoining their own, that they be allowed the same privileges as are accorded to persons who hold leases to dredge for minerals in the beds of rivers in the Yukon Territory, namely, to be permitted to place one dredge on every fifteen miles of leasehold; and that placer miners be not allowed to build wing-dams in a river so as to interfere with the operations of a dredge.

" faction of the Minister of the Interior, the lease
" shall become null and void unless the Minister of
" the Interior shall otherwise decide. Provided that
" when a company or individual has obtained more
" than one lease, one dredge for each fifteen miles, or
" portion thereof, shall be held to be in compliance
" with this regulation."

The first sentence of section 6 shall be amended to read as follows :—

" The lessee shall pay a rental of $10 per annum
" for each mile of river leased to him, such rental to
" be paid in advance and to commence to accrue on
" the date upon which the lease is issued."

The following proviso shall be added to section 8 of the said Regulations :—

" Provided that it shall not be lawful for such per-
" son to construct a wing-dam within one thousand
" feet from the place where any dredge is being
" operated, nor to obstruct or interfere in any way
" with the operation of any dredge."

The foregoing provisions shall apply to all leases which have been issued anterior and which may be issued subsequent to the date hereof.
